

# RED CROSS CAMPAIGN FOR Orders Coal and Oil Producers ALLIES PLAN BIG DRIVE WAR FUND OPENS TODAY to Supply Navy at Prices to Be Fixed By President TO RECLAIM SERBIA

Today 100,000,000 people of the United States began the tremendous task of raising \$100,000,000 for the Red Cross relief fund. Thousands of executive committees, sub-committees and advisory committees together with innumerable managers and treasurers and other officials set in motion the vast yet nicely organized machinery that is to carry out President Wilson's

command to furnish the Red Cross war council with the wherewithal to supply Uncle Sam's fighters with the supplies necessary for the care of wounded men. In Lowell everything has been put in readiness for the terrific task, even to the most minute detail. The ten teams of ten men each, the advisory committee, and the executive committee are all ready.

## DEBATE ON FOOD CONTROL BILL

WASHINGTON, June 18.—Debate on the government's food control bill began in both houses of congress today with its passage by July 1 the goal toward which administration leaders will strive.

The bill is known as the Lever bill and backed by the entire administration. It was taken up in the house today and will be kept constantly before that body until final vote is reached. In the senate an effort was to be made to have the Lever bill made the unfinished business.

Opposition to the legislation is strong in both houses, particularly in the senate and this may delay its progress there.

The first contest in the senate was expected to come over a motion which Senator Hardwick planned to offer to refer the bill back to committee to have its revenue raising provisions eliminated. He contends that all such legislation must originate in the house.

Chairman Gore of the agriculture committee who is opposed to certain of its features.

## ANARCHISTS BEFORE THE FEDERAL GRAND JURY

NEW YORK, June 18.—The cases of Emma Goldman and Alexander Berkman, the anarchists, who are alleged to have conducted a campaign against the selective draft law will come before the federal grand jury today. Should an indictment be returned against them, they will be held in custody until next week. Both are confined in the Tombs prison.

The trial of Miss Eleanor Wilson Parker, Charles Francis Phillips and the three one-time Columbia university students on a charge of conspiracy to obstruct the draft law, will be held today.

Phillips, who first pleaded not guilty to a refusal to register and later changed his plea to guilty, will come up for sentence on that charge after his trial on the charge of conspiracy.

An examination of the cases in the office of Emma Goldman's magazine, "Mother Earth" is said to have disclosed names already in the government's list of suspected persons.

## WELCOME THE RELEASED IRISH PRISONERS

LONDON, June 18.—Large crowds gathered in Dublin this morning to welcome the released Irish prisoners, all of whom with the exception of Countess Markievicz, arrived at 8 o'clock. Men with banners escorted the former prisoners to their homes. There was much singing of Irish songs and a great deal of cheering but there were no signs of disorder.

Countess Markievicz led a band of revolutionists which attempted to capture Dublin castle, killing a guard. She was sentenced to death, but the sentence was commuted to penal servitude for life.

## BERLIN PAPERS INCREASE ADVERTISING RATES

BERLIN, June 17, via London, June 18.—Twenty of the leading newspapers of Berlin published announcements of an increase in advertising rates on account of the rising cost of raw materials and of production in general. The newspapers also have narrowed the advertising columns of which there are now seven instead of six to the page.

## "Do Your Bit"

We hear on all sides the cry "do your bit." Of course, every true patriot will do his part, each in his particular way. Some will go to fight the enemy while others will raise large crops. Countless ways the people will strive to show their patriotism to do our "bit" in the hour of need.

At the present time we are concentrating and directing all our efforts to do our "bit" in the hour of need.

## ORDERS 10 STEEL MERCHANTMEN

WASHINGTON, June 18.—Contracts for ten more steel merchant ships complete and for 24 additional wooden hulls were announced today by Maj. Gen. Goethals, general manager of the emergency fleet corporation. The vessels will be delivered in 1918.

## YEGGMEN ROB GAMBLERS AT METHUEN CAMP

Three men, armed with automatic revolvers, held up the inmates of an alleged gambling house in Belle Grove on the banks of the Merrimack river in Methuen, late Saturday night, and relieved the players of \$1600 in money and a valuable diamond ring, according to a story which gained circulation yesterday. Although names are mentioned, those who have been asked about the affair naturally plead ignorance.

It is alleged that there is a certain camp in the Belle Grove district which is frequented by Lowell gamblers and as a general rule there is a big game on there Saturday nights and Sunday days. It is said that while the game was in session Saturday night three men entered the place.

One of the gamblers, who was holding the players covered with his gun the other two took what they thought was in sight and then went through the clothing of those present. It is said that about \$1600 and a diamond ring made up the booty taken in by the robbers.

Asked by the Lowell, Lawrence, Methuen or Dracut police know anything about the matter or at least no complaint has been made to them and it is believed that those who lost their money don't care to say anything about it.

The trio evidently were well acquainted with the place and did not fear the gamblers for it is said that they were through every one in the room one of them said "Get the big fellow," evidently meaning the man who it is said runs the game and going into another room they found the "big fellow" and relieved him of all the money he had in his possession.

After warning those present not to notify the police the trio entered the automobile which was waiting for them and they disappeared in the direction of Lawrence.

## VICTOR GAGNIER'S CLAIM IS DISMISSED

SPECIAL TO THE SUN  
STATE HOUSE, Boston, June 18.—The industrial accident board has dismissed the claim of Victor Gagnier, of 92 John street, Lowell, against the Aetna Life Insurance company, for compensation under the workmen's compensation act for an injury which he received while employed in the United States.

Gagnier claimed that while he was waiting for his pay on Saturday evening, September 2, he was suddenly hit in the eyes by a wet towel, which he assumed was thrown by another employee in a spirit of playfulness. The next day he was unable to see plainly and for a long time afterwards he required to consult physicians and at present he is unable to distinguish objects clearly.

While Gagnier's company contended that while Gagnier may have been injured during his employment, the injury was not one which "arose out of" his employment, as defined in the act, and upon this contention the matter was referred to an arbitration committee, consisting of Joseph A. Parks, a local industrial expert, Joseph P. Donohue, a local physician, and Robert J. Crowley, representing the employee, and Fisher H. Pearson, representing the insurance company. Joseph P. Donohue appeared as counsel for Gagnier, and James J. Kerwin was counsel for the insurer.

After hearing all the evidence, the committee decided that the employee had not sustained the burden of proving that the accident arose out of his employment. Mr. Crowley, however, refused to agree to the report.

## CLAIM EVIDENCE THAT GERMAN BEHIND STRIKES IN ALASKA COPPER PROPERTIES

NEW YORK, June 18.—Assertion that evidence has been found that strikes in the Alaska copper properties of the Kennecott Copper corporation were instigated by pro-German elements supposedly as a stroke against the military resources of this country was made here today at the offices of the company. It was announced that the federal authorities had been instructed to lay all the facts before the federal authorities there.

It was stated that a German element among the miners got control of their meetings and dictated the strike policy, according to advices forwarded to the main office here from the scene. The men are demanding, these advices said, a further bonus of \$50 a day above the present bonus of \$100 a day, and also that the bonuses be made permanent even in normal times.

WASHINGTON, June 18.—Secretary Daniels has ordered coal and oil producers to supply the enormous quantities needed by the navy at prices to be fixed later by the president when the federal trade commission has determined a fair rate. The navy will use 1,750,000 tons of coal and 60,000,000 barrels of oil purchased under this application of the authority granted congress.

Similarly, steel for the entire navy building program is being bought at a rate fixed when Secretary Daniels rejected the proposals of the steel manufacturers as too high.

## JAPANESE WARSHIPS SINK TO PREVENT FURTHER MAY DELAY TRAINING U-BOAT

LONDON, June 18.—An official statement issued today by the British admiralty said that a Teuton submarine has probably been sunk by Japanese warships in the Mediterranean.

## HEAVY RAINFALL HAS SWOLLEN RIVER

The rainfall during the first 17 days of this month amounted to 3.82 or nearly four inches, which will place the month of May this year among the record months for rainfall. Although the precipitation was heavy, it is doubtful if the record of 7.78 in May, 1901, will be reached for the month.

The Merrimack river is very high, the water being six feet over the usual market dam, but it is expected that the water will be much higher tomorrow afternoon when the effect of the rainfall of yesterday will be felt.

## PRESIDENT'S FLAG DAY ADDRESS GREAT PROFOUND IMPRESSION THROUGHOUT ITALY

WASHINGTON, June 18.—Official dispatches received here today from Rome said that President Wilson's flag day address had created a profound impression throughout Italy.

The address, which was delivered at the White House, was received with great interest and admiration in Italy. It was evident that the Austrian high command has not lost hope of starting a great offensive, especially on the Trentino front.

## VATICAN REFUSES TO RECALL BISHOP OF TRENTO AS DEMANDED BY AUSTRIA

PARIS, June 18.—Austria despatched a telegram today to the Vatican announcing that it has finally refused to recall the Right Rev. Coelestin Endrici, bishop of Trent, as demanded by the Austrian government.

The effort to dislodge Coelestin Endrici from the beginning of the war when the Austrian government, because of his avowed pro-Italian sentiments, attempted to force from him a declaration of loyalty to Austria.

## ACCUSED OF VIOLATING ANTI-TRUST LAW IN CONNECTION WITH SELLING OF COAL

NEW YORK, June 18.—The trial of 108 corporation and 64 individuals accused of violating the Sherman anti-trust law in connection with the mining and selling of semi-bituminous coal in Virginia and W. Virginia was begun in federal court here today. United States Judge Grubb and a jury.

## COMMISSIONER CLEMENTS OF THE INTERSTATE COMMERCE COMMISSION DEAD

WASHINGTON, June 18.—Commissioner Judson C. Clements of the interstate commerce commission died here today.

## FUNERAL NOTICES

RANDOLPH.—Died in this city, June 16, Mrs. Mary L. Randolph, widow of the late William Randolph, aged 66 years. Funeral services will be held from the home, 25 Queen street, on Tuesday afternoon at 2:30 o'clock. Friends are invited without further notice to attend the funeral services in charge of Undertakers Simmons & Brown.

Secretary Daniels said today that the coal operators proposed to furnish navy coal at a rate of \$2.85 a ton at the mine. The navy has been paying \$2.85 a ton delivered. The secretary directed the companies to ship immediately the orders being pro-rated among the producers, agreeing to pay a tentative price of \$2.33 at the mines pending a report from the federal trade commission. If the commission determines a higher rate is justified because of increased cost of production, the department will equalize payments at the rate fixed. If \$2.33 is too high, however, payments on future shipments will be curtailed to bring the entire purchase at the commission's rate. The \$2.33 rate is being advanced by the government "on account" at present.

Oil quotations submitted, Mr. Daniels said, ranged from \$1.55 to \$1.56 a barrel delivered at Port Arthur, although the present rate is \$1.56 a barrel at that point. The department directed the producers to fill the orders for fifty million barrels, leaving the question of price to be determined by the trade commission.

The arrangement regarding steel orders, the secretary said, leaves "a handsome profit" for the producers.

## CONFERENCE AT COUNTY TRAINING SCHOOL

At the Middlesex County Training School in North Chelmsford this afternoon a conference of the county commissioners, police court judges, and school superintendents was held. The purpose of the public school superintendent and school superintendents was to discuss the work of the school itself, the work that is being accomplished, and the life which the boys lead.

A 1 o'clock dinner was served at the school, and present at this were Judges Enright and Fisher of Lowell, Kennedy of Newton, Maguire of Woburn, and Knyea of Concord. County Commissioners Alfred L. Cutting of Weston, Walter C. Wardwell of Cambridge, and E. B. Barlow of Lowell, all members of the county board of education, were also present.

The intention of Supt. Corlew and the county board of education was to give them an actual view of conditions at the school where so many boys were being educated and trained. It is hoped that closer co-operation between the courts and the school may thus be brought about.

## NEW BRIDGE WANTED AT TILDEN STREET

The municipal council will this week receive a petition bearing several hundred signatures, asking that a new bridge be constructed over the Merrimack river at the foot of Tilden street. The petitioners hope the council will take up the matter and act favorably upon it, for they say a bridge there is an urgent necessity.

The matter of a new bridge at this particular point was taken up by some residents of West Centralville a few years ago, but at that time very little interest was shown. A few weeks ago the matter was taken up again and petitions were circulated in West Centralville and throughout the city with the result that several hundred signatures were secured. The petitioners are now asking the council to take up the matter.

The argument for the new bridge is, that the new structure would mean a great improvement in the city, not only a district, but for the entire city. Hundreds of residents of Centralville, who are employed in the mills along the river, would be accommodated going to and from their work while numerous firms doing business on both sides of the river would find the bridge a great relief. It is planned to have the bridge built on the river at points opposite Tilden street on the city and opposite West street on the West Centralville side. It was stated today that the petition will be filed with the municipal council in the latter part of the week.

## SUPREME COURT HEARS ARGUMENTS ON PETITION FILED BY MAYOR ASHLEY

BOSTON, June 18.—The supreme court today heard argument on points in Mayor Charles S. Ashley of New Bedford, for a writ of prohibition to prevent a hearing before three superior court judges of a suit brought by former Mayor Edward H. Hathaway, and others, who seek to have the office vacated because of the violation of the corrupt practices act.

Mayor Ashley's attorneys argued that the superior court judge had no jurisdiction because the river at points opposite Tilden street on the city and opposite West street on the West Centralville side. It was stated today that the petition will be filed with the municipal council in the latter part of the week.

## HERLIN ADMITS LOSS OF ZEPPELIN

BERLIN, June 18, via London.—The Zepplin Z-45 was lost with all on board in Saturday night's raid on southern England, the admiralty announced today.

An official British account of the raid said two persons were killed and sixteen injured by bombs.

## BRITISH WITHDRAWAL

The most pronounced movement is a withdrawal by the British without assurance of their advanced positions established some distance east of the Struma river, on the extreme easterly end of the front. Several towns have been evacuated by them and occupied by the Bulgarians.

Simultaneously comes news of pronounced reconnoitering activity by the entente forces in other parts of the front, notably along the Vardar in the central sector.

## OFFENSIVE BY GEN. SARRAIL

It has been frequently pointed out by military observers that virtually the only practicable route for a successful advance to cut the lines of the central powers in the Balkans and reclaim Serbia is up the Vardar valley, along the railway line there. The present activities, while they have not developed far enough to make the thing a certainty none the less point to the probability that an offensive by Gen. Sarraill in the only likely sector—that embracing the Vardar area—is imminent.

## REMOVE MENACE TO ALLIES

Had this been decided upon, it would be a natural move for the British to relinquish the advanced ground they held along the Struma and withdraw, as they have done to the bridge head near the river, thereby strengthening the British position.

## DRIVE FOR \$100,000,000 RED CROSS WAR FUND

WASHINGTON, June 18.—The big drive for the \$100,000,000 Red Cross war fund began at sunrise today throughout the United States with elaborate organization plans for making it a reality within the next seven days.

In great cities and small towns organized machinery began gathering in the thousands of men, women and children, and in the country the best known financiers and business men are giving their talent of organization.

## RESOLUTION DEMANDING REPEAL OF AIDY DRAFT ACT VOTED DOWN

BOSTON, June 18.—A resolution from the Central Labor council of Seattle, Wash., calling on all organized wage earners to demand the repeal of the army draft act and asking for the relaxation of the present restrictions on Oriental immigration was promptly and unanimously voted down at a meeting of the Boston Central Labor union last night.

## GERMAN AIRPLANES DESTROYED A RUSSIAN BASE IN THE BAY OF RIGA

BERLIN, June 18, via London.—German airplanes on Friday effected a landing on an island in the Bay of Riga, and destroyed a Russian base there. It is announced officially. The statement follows:

"Greater aid to the Russian naval forces in submarine and mine warfare made necessary defensive measures on the German side which had the following result: On June 13 our airplanes dropped explosives and incendiary bombs in large quantities on Russian bases, obtaining good results. On June 14 the military station on the island of Rumbi, in the Bay of Riga was hit with visible success. Following this enterprise our airplanes on June 15 landed on the island and destroyed the remaining portions of this base. All our airplanes returned."

## RED SOX WIN 6 TO 4

## ROY SCOUT SAVES HIS MOTHER AS HOME BURNS—MAN BURNED TO DEATH

BOSTON, June 18.—One man was burned to death and but for the brave work of 13-year-old Winifred F. Charbon, a boy scout, he and his mother, Mrs. Charles W. Charbon, would have met with a similar fate early yesterday morning when fire swept the three-story wooden house at 20 Newland street in the South End. The victim was Charles W. Charbon, who is a sixth grade pupil at the Cathedral school and lived with his mother on the third floor of the Newland street house, awakened shortly before daybreak. His room was filled with smoke, while from below came the noise of crackling flames. The boy made his way with difficulty to the kitchen, wet his handkerchief at the sink and wrapped it about his head. He then ran to his mother's room. She was still asleep. He awakened her and half-carrying, half-leading her, dragged her down the flame-swept stairway to the street.

## DEVELOPMENTS OF SOME IMPORTANCE

Apparently are impending on the Macedonian front following the recent clarification of the military situation in Greece coincident with the abdication of King Constantine.

## RUSSIAN FORCES ACTIVE

Both the Russian army and navy are giving more evidence of aggressive intent. Recent German and Austrian statements have instanced increasing activities by the Russian military forces in various sectors, notably in Volynia and Galicia where the great Brusiloff offensive was in full swing at this time a year ago.

## RUSSIAN BASE ATTACKED

The Russian naval arm also has been so largely in evidence in Baltic waters that Herlin announces it has been found necessary to carry out some raiding operations on Russian bases in this area.

In the Arras battle area the British were subject to heavy counter-attacks this morning on the new position they won last Thursday east of Monchy le Preux. They held fast to the main point, the important infantry hill, but had to fall back from some positions they had established farther in advance.

## PARADE FOR PORTUGUESE FORCES

PARIS, June 18.—Portuguese forces on the western front, having been initiated into the art of modern warfare by progressive stages, have now been given the baptism of fire. The "Matin" says that today they are perfectly organized and have proven their worth in exemplary fashion.

## BUNKER HILL DAY INDICT COCCHI FOR MURDER

NEW YORK, June 18.—An indictment charging murder in the first degree was returned by a federal grand jury today against Alfredo Cocchi in the cellar of Ruth Cruger, an 18-year-old high school scholar, was found buried on Saturday.

## FORMER PRES. TAFT OPENS RED CROSS CAMPAIGN

BOSTON, June 18.—The campaign in New England to raise \$7,000,000 toward the \$100,000,000 Red Cross war fund was opened in every city, town, village and hamlet in the six states today.

The first big gun in the campaign is this city, which will be fired tomorrow night at a great patriotic mass meeting at the Boston Opera house at which former President Taft will be the principal speaker.

New Englanders will have to contribute at the rate of \$1,000,000 a day, next seven days. Three huge clocks erected at the two railroad terminals and at a Boston department store will register the receipts each day.

The different New England states are asked to contribute the following amounts: Massachusetts, \$5,000,000; New Hampshire, \$3,000,000; Vermont, \$2,000,000; Rhode Island, \$1,000,000; Maine, \$500,000; Connecticut will raise \$2,000,000, but this amount will be included in the fund of the New York division.

Mr. Taft, chairman of the New England committee to raise the fund, published here Saturday that more than 8 per cent of the Red Cross fund to be obtained in New England had been guaranteed. He said he knew of a few subscriptions but that they aggregated only a small proportion of the total.

"We are in touch with every committee in this section," Mr. Higginson added, "and while we are receiving enthusiastic reports, the indications are that it will be a strenuous job to raise the \$7,000,000 allotted to New England."

Best Printing. Tobin's. Asso. Bldg.

The marriage of Miss Theodora L. Gordon, daughter of the late Rev. A. J. Gordon of Boston, to Mr. Robert A. Hall of Lowell, took place June 16.

George M. Jorke, vice president of the Boston Union League, has been called to active service as a reserve officer in the U. S. Signal corps, with the rank of major.

As a result of a break in the dam of Hale's brook at the Russell log mill in Chelmsford, the water of the brook is now having a free course from Baptist pond to the buildings of the Lowell, East Co. in Gorham.

The break was noticed late yesterday, but inasmuch as the log mill is not in operation at this time of the year, the risk of the water will not interfere in any way. The dam will be repaired shortly.

Another one of Lowell's sons has gained honors in the country's service. Lieut. Joseph M. Kelly, U. S. Army, Chaplain, this city, has been appointed second lieutenant in the Ninth provisional company at the Plattsburg military camp. Lieut. Kelly was declared he passed the officers' examination for the great army that is to be formed. Recently he was ordered to report at Plattsburg, and now he is a commanding officer at the camp.

# ZEPPELIN SHOT DOWN BY BRITISH

LONDON, June 18.—Two persons were killed and 16 injured in Saturday night's air raid, during which a Zeppelin was brought down. The following official report of the raid was given out here yesterday:

"Last night's air raid was carried out by two enemy airships. One airship crossed the Kentish coast at about two a. m. and dropped six bombs on a coast town. According to the latest police reports two persons were killed, 16 were injured and a large number of houses were damaged. The second airship attacked the east coast town of West Anglia at about 2.30 a. m. It was heavily shelled by guns of the anti-aircraft defence and driven off. It is probable it was damaged by gunfire. Shortly afterwards this airship, after dropping a number of bombs in open places, was engaged and brought down in flames by a pilot of the Royal Flying Corps. The airship

## When You Feel Tired, No Appetite, Headache

(By W. M. GRANTIER, M.D.)

If your wife tells you that you are "out of sorts" and out-of-sorts, be thankful for the suggestion, and set to work to get your liver busy for it is more than likely that its inactivity is at the bottom of your trouble. Don't blame your liver for not doing its work! You have undoubtedly been giving it too much to do. You may have occasional headaches, feel tired, no appetite, and coated tongue, and this condition may lead up to other things. At such times you are the easiest prey for colds, grip, or the disease germs of malaria, typhoid the deadly phthisis, or the many ills which carry off so many of our citizens.

My advice is, give up alcohol, tea and coffee. If you must drink something with your meals let it be a cup of hot water. Begin in the morning with a pint of hot water with a half lemon squeezed in it, if possible, and drink it a half hour or less before breakfast.

Take a few minutes of bending exercise and breathing in the morning. Walk in the outdoor air. Occasionally, say, once a week, take a good laxative, one that entitles vegetable. A good one is that made up of the extract of May-apple, vegetable calomel, and jalap, and can be had at every drug store, for it has been sold for nearly 50 years as Dr. Pierce's Pleasant Pellets.

If you are occasionally troubled with rheumatic pains or lumbago, pain in the back, toes or muscles of the body this is due to uric acid stored in the system. The liver and kidneys do not act properly. For such a person I advise taking Anuric (double strength) three times daily for a week or two. This Anuric throws out the uric acid which accumulates, and if taken occasionally will prevent or cure rheumatism and gout. There is no difficulty in obtaining Anuric at any drug store.

was destroyed. There were no casualties or damages in West Anglia."

### Thousands Saw Air Battle

A despatch from an east coast town says that thousands of persons witnessed the destruction of the Zeppelin. The attack by anti-aircraft guns on the dirigible lasted fully half an hour and people issued from their houses half dressed to watch the event. When the black object drifting across the sky from the southeast to the northwest was seen to burst in flames the spectators cheered tumultuously. Pedestrians and cyclists dashed off in the direction of the fallen airship, but owing to the unexpectedly long distance few succeeded in locating the Zeppelin, which fell a few miles from the coast. It had been first winged by a land gun and then finished by an airplane, which the Zeppelin fought to the last with her guns.

The dirigible dropped in a field of corn, far from any habitation, and was completely destroyed. All of the crew were killed and their bodies badly charred. Some of the men appeared to have jumped from the doomed airship. Doctors hurried to the spot, but their services were needless.

### British Airman Unhurt

The British airman who attacked the Zeppelin descended nearby unhurt. According to the story of an inspector who witnessed the attack, searchlights enabled him to follow the movements of the Zeppelin and the attacking airman. The Zeppelin twisted and turned in an attempt to escape or beat the airplane off, and the machine gun fire of the dirigible was heard distinctly. Presently another airman arrived, and the Zeppelin continued to zigzag in an endeavor to hold out to sea. But the first airman held to his quarry, and within a few minutes the end came.

## MAINE FLOODED, TRAINS ARE HELD UP

PORTLAND, Me., June 18.—Damage which cannot be estimated has been done through the state by a storm that precipitated more than four inches of rain in 20 hours. Traffic was either halted or carried on at great risk by all public carriers.

Street railroads were running last night on a delayed schedule, mud slides interfered with traffic on the Boston & Maine and Maine Central railroads, and work at the Warren paper mills at Westbrook was suspended on account of the rise of the Presumpscot river.

The Interurban, between this city and Lewiston, stopped its cars early yesterday evening when a bridge near West Portland gave way.

All Maine Central east-bound trains, both freight and passenger, were held in this city until midnight that there might be assurance of safe condition of tracks and roadbed.

Section men and extra crews kept a patrol to insure safety of steam road traffic on all lines running into this city and the Portland Railroad company had a crew all day on the Saco and Maine rivers, where the bridges and tracks and threatened the roadbed.

At Goose Falls it was necessary to put in tons of sand to fill a washout. Motorists will encounter a detour between Wells and Kennebunk, where a concrete bridge near the Boston & Maine crossing in Wells went out. It was built a year ago to replace a wooden structure that gave way late in May during a similar rise of the Saco river. At Bonny Eagle, on the Saco river,

## THIS MEDICINE WOMEN VALUE

Positively Relieves the Suffering.

### More Convincing Proof.

When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from its use its value has become generally recognized and it is now the standard medicine for women's ills.

The following letter is only one of the thousands on our files.

Dennison, Texas. — "I cannot tell what I have done my duty until I tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, heat flashes, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a grand medicine Lydia E. Pinkham's Vegetable Compound is." — Mrs. G. O. LOWERY, 911 S. Barrett Ave., Denison, Texas.

the water was four feet above the dam of the Cumberland Light and Power company, which supplies electric service to this city and other places, and preparations were being made to dynamite the flushboards and relieve the strain.

On the Worcester division of the Boston & Maine a landslide at Gorham buried the tracks in eight feet of mud in places and a steam plow had to be sent to dig it out. A Maine Central train due here from Bangor at 6 o'clock was stopped three times between this city and Waterville while the crew shoveled mud from the track. At Yarmouth several houses have been inundated and the street railroad is transferring passengers for a distance of about 300 feet at one point.

## EXAMINATIONS BY THE U. S. CIVIL SERVICE

The United States civil service commission announces examinations for typewriter only to be held on June 30, 1917, for field service in the first U.S. civil service district, which comprises the New England states, as a result of which it is expected that a large number of appointments will be made to positions in the quartermaster corps, naval establishments, and in other branches of the government service in New England states.

These examinations will be held in Boston, Brockton, Fall River, Fitchburg, Greenfield, Lawrence, Lowell, New Bedford, North Adams, Pittsfield, Salem, Springfield and Worcester.

The usual entrance salary for this position is \$900 or \$1000 a year. It is expected that practically all who qualify under this examination will be offered appointment. Qualified persons, both men and women, are therefore urged to make application for this examination at once.

The examination has been modified and is much easier than heretofore. It consists of the following subjects: Spelling, copying from rough draft (typewriting), copying from plain copy (typewriting), time (consumed on typewriting tests), penmanship, letter writing and writing.

Applicants must have reached their eighteenth birthday on the date of the examination, and must be citizens of the United States.

Applicants should apply at once for application blank, form 1371, stating the title of the examination desired to the secretary of the United States civil service district, Post Office Building, Boston, or to the secretary of the United States civil service board at any place where the examination is to be held.

Applications should be properly executed, excluding the medical certificate, and filed with the district secretary at Boston in time to arrange for the examination at the place selected by the applicant.

The commission also announces competitive examinations to be held as follows:

Assistant inspector of engineering material, (male), salary \$4 to \$14.38 per diem; clerk, qualified in business administration, (male), salary \$200 to \$1500 per annum; inspectors of artillery ammunition, (male), salary \$1500 to \$2400 per annum.

TYPOGRAPHICAL UNION

A well attended and important meeting of the Lowell Typographical union was held Saturday night in Post 120 hall in Merrimack street. During the evening the recently elected officers were installed. It was voted to suspend monthly meetings during July and August. A committee was appointed to arrange for new meeting quarters. A substantial donation to the Red Cross was voted and a similar amount will be given at stated intervals during the war.

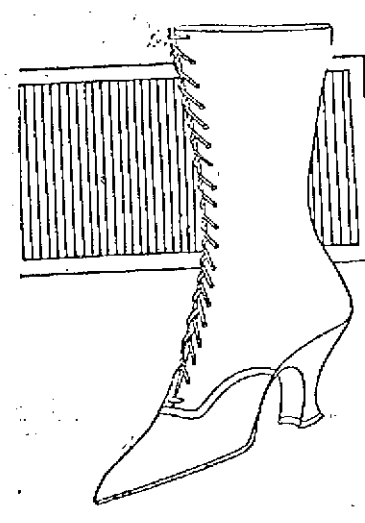

The Sun is read daily in more homes in Lowell than any other newspaper.

# BLOW KILLED CRUGER GIRL; THREE HELD

NEW YORK, June 15.—Mrs. Marie Cocchi, wife of Alfredo Cocchi, who kept a bicycle repair shop over the cellar where the body of 18-year-old Ruth Cruger, murdered Wadsworth high school student, was found Saturday, was held in \$7500 bail yesterday as a material witness in the case.

With the woman also were held Victor Blady, a chauffeur, and Joseph Palumbo, a clerk, both of whom, the police assert, are friends of Cocchi, whose extradition from Italy is being sought by the authorities.

While an autopsy was being performed yesterday which showed the young woman had died from a skull fracture and a wound on the left side of the body, laborers employed by the police to dig in the cellar for further evidence unearthed the skates Miss Cruger had taken to Cocchi's shop on Feb. 13 to be sharpened. The skates, with a pair of shoes attached, were bloodstained, and an ice chopper, dug up near where the skates were found, had bloodstains on it also.

Dr. Otto H. Schultze, county medical examiner, made his autopsy, and expressed the opinion that the crime was another "ripper" case and as such would have been perpetrated by one man who hardly would have had an accomplice.

Many persons who have been examined by the police since the body of the bicycle repair shop was found to appear before the grand jury today. The coroner announced last night that digging in the cellar would resume today in an effort to find a piece of bone missing from the young woman's head. He asserted that an investigation would be started by the failure of the police to find the girl's body, which was recovered by private detectives employed by Mrs. Grace Humber, a lawyer representing her parents.

**Ready For Grand Jury**

NEW YORK, June 18.—Evidence against Alfredo Cocchi, proprietor of the bicycle repair shop in the basement of which the body of Ruth Cruger, the 18 year old high school student, was found on Saturday, was ready for presentation to the grand jury today. It was announced that District Attorney Swann would go to Washington to make a personal appeal to President Wilson that a special request be made of the Italian government for the surrender of Cocchi, who fled to Italy soon after Ruth Cruger disappeared four months ago.

As material witnesses in the case the authorities today continued to hold under heavy bail, Mrs. Marie Cocchi, wife of Alfredo Cocchi, Victor Blady, a chauffeur, and Joseph Palumbo, a clerk. Both Blady and Palumbo, the police assert, are friends of Cocchi.

**LOWELL POLICEMAN WILL GO TO FRANCE**

Patrolman John J. Donovan, a popular member of the local police department has decided to do his "bit" for Uncle Sam, and has volunteered his services to Capt. Frank C. Pelletier of Co. C of the railroad regiment which is sent to go to France. Donovan has extensive experience in the railroad game, having been employed for several years by the Lake Shore and Michigan Southern road. He will be a valuable asset in the regiment which is to pass the way for the regular fighting forces.

Patrolman Donovan has been with the Lowell police department for 17 years. He is best known for the work which he did in connection with the Massachusetts Police Baseball league, and in particular for the Lowell team. He was president of the league for three years, and organized and managed the local team for a number of years. He was extremely successful with the Lowell team, and the nine always stood high in the league standing when the season ended.

Patrolman Donovan was born in New York, but when only 4 years old was taken to Lowell. He worked in the Merrimack and several other evening schools, and attended the Green school. Later he went west, and at this time came into prominence as a ball player.

This advertisement is one of a series designed to effect closer co-operation between the company and its subscribers. There are three parties to a telephone call: the person calling, the person called, and the operator who connects them. The quality of service rendered is determined by the spirit in which all three work together, rather than by the individual effort of any one or two of these three persons. We shall gladly send complete sets of the series to those desiring them.

# "Line Busy" Report

A "Line Busy" report is an exasperation to the subscriber. To both the subscriber and the operator, as a rule, it means delay and duplicated effort. Our operating methods require the operator to "test" the line, in order to find out whether or not it is being used, before making a connection.

"Line Busy" reports are given when the operator has tested the line and

- (1) A person at the called station is already talking on the line, or
- (2) The person called is on a party line and a subscriber at one of the other stations is using the line, or
- (3) When all lines of a private branch exchange subscriber are in use, or
- (4) When a call is made for a telephone, at which there is no one to answer, at the moment when someone else is also calling that telephone, or
- (5) A subscriber on the called line has passed a toll call and the line is being held awaiting its completion, or
- (6) Through an error by the subscriber in giving, or the operator in repeating, a wrong number is tested and found in use.

"Line Busy" reports are not so frequent on calls to stations served by individual lines. "Line Busy" reports on calls to party lines can be reduced if the joint subscribers to such lines will refrain from unnecessarily long and inconsequential conversations.

# CHERRY & WEBB

12-18 JOHN STREET

He was one of the organizers of the Michigan State league, which brought out Lou Criger and other stars. Donovan later returned to Lowell and was for a time employed on the Bay State Street railway. Then he became a member of the local police force, and has been with it ever since.

"Jack's" friends all wish him luck in his latest venture, and have no doubt that he will represent Lowell creditably "over there."

# LAWN MOWER ATTACK AT THE ARMORY

Vague rumblings and the sounds of attacking machines were heard as one passed the Westford street armory this morning. The grounds around the stalwart fortress was being besieged from every side, and it seemed wholly destitute of defenders. At length, the attacking party broke into sight; it

was none other than Armorer Hunt, and he was valiantly propelling a lawn mower over the green expanse of lawn around the armory. The enemy was entering in every direction at his onslaught, and finally, after a warm struggle, victory for the forces of right and might was announced. There were few casualties. This was about the most exciting event at the armory today, for the sixth regiment cohorts had evacuated the place Saturday, and Sergt. McDermott of Co. M was alone with a few of his men attempting to recruit his company to war strength. There were few applicants, but the company still needs a score or more men. Sergt. McDermott will remain until his unit is filled.

At the naval recruiting station business was a trifle more brisk. Several applicants had applied for admission to the navy and were awaiting their "once-over." Chief Yeoman Tucker has heard from some of the Lowell boys who left Lowell June 8 for the training station at Newport. Walter and Francis Reagan of 75 Washington street have sent him postal cards and the following letter is from John McPolin, of 11 Worthen street:

Public Correspondence Table at Newport, R. I. June 16, 1917.

Dear Friend:

Just a few lines to let you know that I am well and happy. I hope you are the same. We are having a fine time here. They are making us as happy as they possibly can. We get all we want to eat and it is the best of food. The boys that are not here don't know what they are missing. We have shore liberty tomorrow from 4 until 11 p. m. I like the duty here very much. I saw in the paper that 22 more boys came up here. We will always remember the send-off we got, and wish to thank you all. I will be all got inoculated yesterday. They have dancing here every Friday, and there are two ball games going on outside the barracks. One is between the yeomen and the seamen. Give my regards to everyone in the office. Good luck to you all. I hope you get a bunch of recruits for the navy; the best branch of the service.

Yours as ever,  
John McPolin,

**HOOVER APPEALS TO WOMEN TO JOIN IN FIGHT FOR CONSERVATION OF FOOD**

WASHINGTON, June 18.—Herbert C. Hoover outlined last night his plans for enlisting the nation's housewives as actual members of the food administration and appealed to them to join him in the fight for conservation measures and the elimination of waste.

The women will be enrolled during a period of registration from July 1 to July 15, through the council of national defense and the state defense councils.

Mr. Hoover is proceeding at the direction of President Wilson, who, without waiting for congress to enact the administration food bill, directed him to proceed with organization of the food administration in so far as it contemplates assembling volunteer effort.

# RUSSIA ORDERS ARMY TO FIGHT

**PETROGRAD, via London, June 18.**—The Duma, in secret session, has passed a resolution for an immediate offensive by the Russian troops.

The resolution declares a separate peace with Germany, or prolonged inactivity on the battle front, to be ignominious treason toward Russia's allies, for which future generations never will pardon the Russia of the present day.

"The Duma therefore considers," the resolution adds, "that the safety of Russia and the maintenance of the liberties which have been obtained lie in an immediate offensive in close co-operation with Russia's allies."

## Grimm's Expulsion Ratified

The first act of the Pan-Russian congress of all councils of Workmen's and Soldiers' delegates, upon which depends the immediate destiny of Russia in regard to both international and domestic questions, was to ratify the expulsion of the provisional government of the Soviet socialist, Robert Grimm, who is reported to have been the medium through which the Germans attempted to arrange a separate peace with Russia.

Grimm's case was taken up when the congress assembled Saturday evening immediately after the delegates had elected as their president, N. C. Tchaidze, president of the Petrograd council of workmen's and soldiers' delegates.

Grimm's expulsion was approved by the passage of a resolution endorsing the action of M. Tseretelli and M. Skobelev, socialist members of the cabinet, who investigated the activities of the Soviet socialist and charged about the order for his expulsion.

The congress expressed the view that the action of the ministers corresponded to the interests of the Russian revolution and the socialist internationale. It welcomed the decision of the ministers to publish the full details regarding the Grimm affair.

## Note on Revision of War Aims

The announcement last week that the cabinet had decided to suggest to the allies a resolution endorsing the action of the ministers to publish the full details regarding the Grimm affair, was followed yesterday by the publication of the note sent to the other governments in question. The note suggests a conference of the allies as to war aims, with the exception of the London agreement, which provides that none of the signatory powers shall conclude a separate peace.

## SECRETARY OF WAR MAKES STATEMENT

The cavalry, engineers, coast artillery, signal corps and quartermaster corps of the regular army have already been brought to war strength. 45,000 recruits are needed at once to complete the new regiments of infantry and field artillery.

25,000 additional recruits are desired at the earliest practicable date to fill vacancies in order that the war strength of 300,000 men may be maintained.

Facilities are in readiness for placing these 70,000 men under proper training.

Any delay in obtaining this number will necessarily cause the loss of invaluable time.

It is the earnest desire of the war department that 70,000 single men between the ages of 18 and 40, who have no dependents and who are not engaged in professions, businesses, or trades vitally necessary to the prosecution of the war, be enlisted in the regular army before the 30th of June, 1917.

Newton D. Baker,  
Secretary of War.

## TWO MASS. GUARDSMEN KILLED ON DUTY

**BOSTON, June 18.**—Two Massachusetts guardsmen enlisted for the war abroad gave up their lives yesterday, almost in the pursuit of peace.

Daniel F. Lindner, Co. 26, 5th Regiment, was added to the many guardsmen who have been killed by trains while guarding bridges.

Leon C. Clifford of Co. 1, 2d Regiment, also doing guard duty, was shot and killed by the accidental discharge of his rifle.

## MANY LOWELL BOYS AT SO. FRAMINGHAM

Raymond E. Dowd of The Sun composing room enlisted in Co. C last week and he sends the following letter from South Framingham:

Framingham, Mass., June 16.

To the Editor of The Sun:

The Sixth regiment recruits from Lowell are now in camp here. Company K sent their "rookies" down here last Thursday and Friday and fully equipped as soldiers of the United States. Companies C and G arrived at Framingham at 11 minutes past 11 Saturday and marched from the depot to the camp, which is about a mile and a half.

Dinner was served immediately after landing at the camp and consisted of steak, tomato soup, potatoes, bread and coffee. All recruits ate their meals and as yet I have heard no complaints about the food. Supper call came at

10 minutes past 6 and the evening's ration, beef stew, prunes, beans, bread and coffee, again was eaten with relish.

Upon arriving at camp, the "rookies" of the other companies now at camp here, lined up and gave the Lowell boys an ovation as they entered. The boys were assigned to the tents early in the afternoon and cots and blankets also, uniforms will be issued tomorrow (Sunday).

The recruits of Company C are in charge of Lieut. Shelton, Sergt. Stack, Corps. Neault, Thomas, Lynch, Cinq-Mars, Targ, Deitchfeld, Connor. The mess tent is in charge of the following efficient cooks: Mess Sergt. Nichols, Cook Mularky. Each tent has eight men as occupants, seven privates and one corporal.

All the boys send their regards home to their relatives and friends and hope to see them soon at camp. Visitors are allowed to visit the camp at any time, but are not allowed to interfere with drills. Drills are from 8 to 11 in the morning and from half past one until 4 in the afternoon.

## PRES. POINCARRE RETURNS FROM RHENUS-DECORATED CARDINAL, DEPUTY MAYORS AND EDITOR

**PARIS, June 18.**—President Poincarre, accompanied by Leon Bourgeois, minister of labor, has visited Rheims where he planned the Cross of the Legion of Honor on the breasts of Cardinal Lucon, Deputy Mayors de Brulnau and Giardonneaux, and Managing Editor Dramas of L'Esclaireur de Rheims, which continued to appear throughout the bombardment. The ceremony took place in the building where the municipal offices have been lodged since the city hall was burned down. Afterward the president visited the cathedral and quarters of the city which have suffered most from the German guns.

## FLAG DAY OBSERVED

A flag day was observed at Worthen Street Baptist church at the close of the regular Sunday school session yesterday. A beautiful flag and an iron pole were presented by the ben's class.

Services were held by a troop of Boy Scouts under the direction of Scoutmasters Williams, Faulkner and Timmons. Bugler Wilbur Roberts of Troop 2 sounded the assembly and call to the colors, while the other scouts gave the pledge of allegiance, and all joined in singing the national song.

which was in such a weak condition that I could hardly keep any solid food in it. As time afterward went on, the great distress afterward was the pain; had headaches, dizzy spells, and could not get any sleep at night. I had read so much in our home papers about Plant Juice and the testimonials, and I was so distressed to health, that I finally decided to try it. After a few weeks, I can now truthfully say that I never felt better in my life; I am able to sleep all through the night, and I can eat anything I desire. I feel the joy of distress afterward. Plant Juice is surely the 'one great medicine,' and I am glad to recommend it to others."

**FIGHTING DISEASE IN FRANCE**  
Tuberculosis is making frightful inroads upon the French army. Already 50,000 soldiers have been discharged as a result of being in an advanced stage of the disease. Large numbers of French prisoners have been released from Germany only to come home to die of the disease. It has been alleged that Germany has been inoculating the French prisoners with germs of the disease in order to spread it through France and thus overcome the people she cannot conquer by all her cruel devices of war.

But whether this be true or not, the fact remains that the disease is working great havoc among the people. It is gratifying to know that the Rockefeller Foundation is to send a corps of physicians to France for the purpose of fighting the plague. The death rate from this disease is twice that of the United States and three times that of England. With such a high death rate and a low birth rate in addition to the terrible losses from war, radical steps are necessary to save the man power of France from reaching a point which would leave the nation unable to carry on a successful battle against the attacks of Germany. Whatever aid this country can render in fighting this dreaded disease in France must be given. It is almost hopeless, however, to reduce the number of cases even to what might be considered normal, while the food supply is scant, prices very high and exposure and hardships the common lot of all. With about 500,000 cases of the disease in the country, the situation is really alarming. The youngest and strongest men of the nation have to do the fighting and of this class the number killed since the beginning of the war is doubtless very great. If the Rockefeller Foundation or any other agency in this country can help France in this alarming situation, it will receive the generous assistance of the people of this country.

**RED CROSS WEEK**  
This is Red Cross week—a period in which America has set out to raise \$100,000,000 for the benefit of this splendid organization which follows the armies in the field, picking up the wounded and dying, and rendering all possible aid in treating the injured and where possible nursing them back to life.

This country has made a splendid record in its response to the Liberty Loan appeal, and now another opportunity is given to show sympathy with the aims of the war and particularly with the humane work which the Red Cross is equipped to perform for those who are wounded in battle or who are otherwise disabled in connection with the varied duties of military operations.

President Wilson has made a strong appeal in behalf of the Red Cross in which he says: "A small proportion of our people can have the opportunity to serve upon the actual field of battle, but all men, women and children alike may serve effectively by making it possible to care properly for those who do serve under arms at home and abroad."

It is needless to dilate upon the important work of the Red Cross. Never in any previous war was its varied relief work so necessary as in the present terrible conflict, for the reason that from the nature of trench warfare, the wounded are often left uncared for until many who might be saved by timely treatment have died to death. It is here the Red Cross comes in with its well trained workers who are in most cases spared even by the ruthless Germans.

The campaign for the Red Cross appeals to the charitable, the humane and the liberty loving of all classes. The work of the Red Cross represents the spirit of Christianity which in the relief of suffering, knows no color, no class, no creed.

**ANARCHISTS ARE TRAITORS**  
Emma Goldman, the notorious anarchist, is held in New York, on a charge of conspiracy against registration under the draft law. That is a mild charge to bring against a woman who is an avowed anarchist, and who is at all times and on all occasions, working for the overthrow of the government. She is not particularly opposed to the form of government in force in this country. She is equally opposed to all forms of organized government. That is why, in our judgment, she should be proceeded against on the charge of treason, inasmuch as she seeks the overthrow of the government and should, therefore, be amenable to punishment for treason.

In times of peace, little attention is paid to such freaks as Emma Goldman, but when we are in the midst of a war, it makes some difference if she and her adherents come out to assail the government and offer aid and comfort to the enemy.

As we have said scores of times, we cannot see why anybody professing to be an anarchist in this country is not taken in hand by the proper authorities, adjudged guilty of treason and punished accordingly. That would soon rid the country of the dangerous characters which have become the pest of the land. Whenever there is any disturbance anywhere, the anarchists mix in it to such an extent that they become a most dangerous element. The anarchists should be either deported or

also tried and punished for treason. No professed anarchist should be granted an abiding place on American soil.

**GIVE US MARTIAL MUSIC**  
There should be more enthusiasm shown on the departure of the enlisted men from Lowell. When they parade the streets to the depot, the procession should not assume any of the aspects of a funeral cortege. There should, at least, be a band to play martial airs, which would stir up some enthusiasm. Indeed, it would be a patriotic act if the bands of the city would volunteer their services to be called upon in turn as the mayor might find necessary to escort the departing soldiers to the depot.

To perform such a service during the war, it seems, should be regarded as an honor by the local bands. If music cannot be procured in this way, then let it be paid for, so that no considerable body of enlisted men shall be allowed to march through our streets to the depot on their departure for the service of their country without the accompaniment of suitable music.

**EXPOSING SPIES AND PLOTTERS**  
Besides rendering valuable aid in hunting down many of the German spies and plotters, the Providence Journal has issued a neat pamphlet, showing the vast number of outrages perpetrated by the secret workings of the German spy system, aided and abetted by the German propaganda and by the diplomatic corps of that nation until the severance of relations ordered by President Wilson. The work of the bomb plotters still goes on, although evidently more cautiously than before the war. If caught, the culprits will be differently dealt with, now that we are at war with the power that pays them for their nefarious work.

If King Constantine, of Greece, had played fair he would not now be deposed. While being strongly pro-German, he pretended to stand strictly neutral and betrayed the Allies in every case in which anything was left to his discretion. In doing this, it may be said also that he sacrificed his country for the benefit of Germany.

England has done the right thing in releasing the men arrested in connection with the Sinn Fein rebellion over a year ago. There are about 1000 of these men. They are much needed at home. Had she imprisoned those she executed, she would have saved herself much obloquy and justifiable wrath.

Mexico makes professions of friendship and good intentions toward the United States. If it should happen that she be found harboring any German submarines, she will have reason to regret her courses when German power shall have passed from the hands of the Hohenzollerns.

Emperor William promises to restore the Greek king to his throne, but instead he will be turned from his own and none will ever be able to restore him.

Why do not the Allies make an attempt to trap the submarines at their base? It would seem that some method might be found to destroy them when returning for fuel and other supplies.

**Your Family Can Spend a Delightful Vacation at Moderate Cost on a Western Mountain Ranch**

For health and good time there is nothing like a taste of real ranch life in Wyoming.

Lots of people are doing it now—days and many ranchers are prepared to take in summer boarders, make them comfortable, and give them thoroughly good, wholesome things to eat.

Why don't you take the family and spend a vacation on one of these western ranches? We would gladly tell you of a number from which to choose, with their facilities and prices.

A few weeks of this kind of life in the open, constantly breathing that wonderful western air, will put you and the family in fine physical condition, and the experience—horseback riding, trout fishing, picnicking and camping out will fill your thoughts with the joy of living.

Let me plan with you and help you determine just what to do, and explain to you how easy it is to accomplish in these days of perfect train service. Make use of me—that's what I'm here for.

Forty hours devotions were brought to a close at the Sacred Heart church yesterday morning, the ceremony being held at the parish mass which was celebrated by Rev. James T. McDermott, O.M.I., who was assisted by Rev. Bernard Fletcher, O.M.I., as deacon and Rev. Henry R. Burns, O.M.I., as sub-deacon. In the evening at 8 o'clock solemn vespers were held, and the service was followed by a procession of the Blessed Sacrament in which the children of the parish participated. The evening's program was in charge of the pastor, Rev. John P. Flynn, O.M.I., who was assisted by Rev. T. Franklin Wood, O.M.I.

The members of the Holy Family sodality received their monthly communion at the 7 o'clock mass at St. Patrick's church yesterday morning. The mass was celebrated by Rev. Mr. William O'Brien, P.R., who was assisted in giving communion by Rev. Joseph A. Curtin. The parish mass was celebrated by Rev. James J. Kerrigan, while the sermon at the 8 o'clock mass was given by Rev. T. Franklin Wood, O.M.I.

At all the masses yesterday it was announced that the annual entertainment by the pupils of the parochial school will be held at the Opera house Thursday afternoon and evening, the program to consist of a three-act comedy entitled "His Father's Son," and musical and literary numbers. At the parish mass next Sunday Rev. Mr. O'Brien will present diplomas to 38 boys and girls, 12 of the commercial class and 46 of the grammar grade.

Rev. John J. Shaw, pastor, will be the celebrant of the 8 o'clock mass at St. Michael's church yesterday and at this time.

**Lemons Do Whiten!**  
Try This on Face, Neck, Arms, Hands

The lemon juice massage indulged in once or twice each day means a little time and trouble, girls, but what of the splendid results? A skin bleached beautifully white, a complexion with the bloom of a peach, a softening of those lines of care; in fact, a skin eloquent of nature's purity and hands white, soft and full of charm.

But girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white in this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When massaged daily into the face, neck, arms and hands it should naturally help to whiten, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

mass the members of the Holy Name society received communion in a body. Rev. Fr. Shaw was assisted in giving communion by Rev. J. F. Lynch. The parish mass was celebrated by Rev. Henry J. Tattan, while the sermon was delivered by Rev. Fr. Lynch.

The high mass at St. Margaret's church yesterday morning was celebrated by Rev. William H. O'Connell, and he also celebrated the 9 o'clock mass, at which the children of the parish received communion. The pastor, Rev. J. Gallagher, celebrated the early masses of the day.

The pastor, Rev. P. J. Hally, celebrated the early masses at St. Columba's church yesterday and the parish mass was sung by Rev. P. A. O'Connell, the new curate who succeeded Rev. P. W. Buckley. Tuesday evening the Holy Name society and the Women's sodality will hold regular meetings.

The celebrant of the parish mass at St. Louis' church yesterday was the new assistant pastor, Rev. F. N. Gauthier, who also celebrated the 11 o'clock mass. The monthly communion for the members of the Third Order of St. Francis took place at the 7 o'clock mass and in the afternoon at 3 o'clock a special service was conducted by Rev. E. J. Vincent.

At St. Peter's church yesterday the 11 o'clock mass was celebrated by Rev. Francis L. Shea, who has recently been assigned to this parish to fill the vacancy caused by Rev. W. George Mullin being transferred to the Church of the Sacred Heart at Manchester-by-the-Sea. Rev. Patrick L. Crayton was the preacher, and at the conclusion of his sermon he formally introduced Fr. Shea to the people of the parish.

At the children's mass yesterday the boys of the parish received their regular monthly communion, and next Sunday will be the girls' communion day.

Sessions of the Sunday school have been discontinued last evening, and the Sacred Heart are being held throughout the month of June every evening at 7:30, extending Saturday and Sunday evenings on which they are held at 7 o'clock. There was a meeting of the immaculate Conception sodality after the 7:30 service, and at the same hour a meeting of the married ladies' sodality will be held.

**SCHOOL EXERCISES AT ASSOCIATE HALL**

A double event, the commencement exercises of Notre Dame de Lourdes parochial school and the observance of the silver jubilee of the pastor, Rev. Leon Lamothe, O.M.I., took place at Associate hall last evening, and despite the rain the attendance nearly filled the hall. The program, which proved most enjoyable had been prepared under the able direction of the Grey Nuns of the Cross, who are in charge of the school and nothing had been spared to make the affair one of the most interesting and successful in the history of the school.

The large hall was handsomely decorated for the occasion with silver trimmings, white and orange American flags, and a patriotic background for the stage which had been decorated with potted plants and flowers. Over the stage hung a large portrait of the pastor, the inscription "Ad Multos Annos, 1832-1917."

A feature of the evening was the presentation of diplomas to sixteen pupils by the pastor, those receiving the honors being Misses Doris Gaudette, Lucienne Lever, Blanche Poirier, Merilda Morin, Loretta Renaud, Gracia Rhenault, Rose A. Cote, Marie St. Laurent, Eulantia Legendre, Yvonne Lefebvre and Cea Boudreau. Masters David Lavoie, William Blodreau, Albert Gaudette, Armand Sanscarier and Thomas Labelle.

During the evening excellent music was furnished by the Notre Dame de Lourdes orchestra of 13 pieces under the direction of Rev. Joseph Davis, O.M.I. "Les Noces d'Argent," a dainty little sketch was presented by the following: Miss R. Lambert, Miss D. Lafleur, Miss C. Dunn, Miss E. Morin, Miss I. Guimond, Miss A. Champagne, Miss Rolande Meunier, I. Forest, A. Coulombe, F. Garrity, D. Chavallier, L. Duprez, E. Forest, D. Lafleur, L. Lafleur and M. Kopynsky. Another highly entertaining number was an operetta entitled "Paquita" the parts of which were sustained by Miss E. Lavoie, Miss D. Gaudette, Miss L. Lever, Miss A. Richard, R. Loranger, D. Lambert, "Monsieur Jeannot," another interesting little sketch was given by David Lavoie, W. Blodreau, R. Renaud and O. Loranger. Chorus numbers were given and a pleasing piano selection was rendered by Miss Merilda Morin. An address to the pastor was read by Miss Doris Gaudette. The event closed with the singing of

## AMERICAN KILLED IN AIRPLANE ACCIDENT

PARIS, June 18.—The Paris Herald says that Denny Woodworth of San Francisco, chief of the first section of the American ambulance field service, has been killed and Lincoln Chatkoff of New York city, pilot in the Lafayette squadron, dangerously wounded in an airplane accident. Woodworth was the headquarter of the Lafayette squadron in Champagne on Friday evening, where he met his friend Chatkoff. They decided to fly over and visit some comrades at the camp of "The Storks." Capt. Guynemer's squadron, about six miles away. Chatkoff rose to a height of about 150 feet and began to execute a series of evolutions, beginning with spirals and then nose-diving toward the earth. Eye-witnesses say that when near the ground the pilot seemed to make an effort to right the machine in order to rise again. Chatkoff either miscalculated the distance or something went wrong with the apparatus, for the machine never altered its course but plunged headlong and buried its nose in the earth. Woodworth was killed instantly, one

## BELGIAN MISSION CALLS ON PRES. WILSON

WASHINGTON, June 18.—The Belgian mission, headed by Baron Monobour, spent its first full day in Washington in paying calls of courtesy on President Wilson and other high government officials. These formalities are preliminary to the beginning of conferences with American officials on war problems. First on today's program was a visit by the members of the Belgian mission to the state department, where they were to be received by Secretary Lansing. Afterwards they were to be presented to President Wilson.

**MISCELLANEOUS SHOWER**  
Miss Agnes Thomas of 138 Grand street was tendered a miscellaneous shower Saturday evening at her home in honor of her coming marriage to Mr. Virgilus Owens, of Portsmouth. The musical program was carried out after a buffet luncheon had been served, and those taking part included the Misses Leona Laffleur, Mary Ready, Agnes Thomas, Blanche Charon in piano selections; songs by Adelaide Harnden, Cora LaFleur, Annie Chenever; recitations by Amelia La Rock, Helen and Veronica Connors, Mary Picasso; dances by Mae Harkins, Amelia LaRock, and Florence Harnden. Mrs. David Thomas and Mrs. Edward Charron served the luncheon, and Misses Adelaide Harnden and Mae Harkins had general charge of the affair.

## HEAD OF HOME FOR ELDERLY PEOPLE PLACED ON TRIAL ON CHARGE OF MURDER

HARTFORD, Conn., June 18.—Mrs. Amy E. Archer-Gilligan, indicted for murder in the first degree, was placed on trial in the superior court here today. The woman had maintained as a private enterprise the Archer Home for Elderly People, in Windsor, six miles north of here. Public attention was directed to this home when on May 8, 1916, Mrs. Gilligan was arrested by order of State's Attorney Hurst M. Alcorn and the body of Franklin R. Andrews in the cemetery of Cheshire, Conn., who had been an inmate of the house was exhumed. Andrews had died suddenly. His maintenance at the home had been provided for by advance payment. In September Mrs. Gilligan was indicted in five counts charged with

poisoning Andrews. Meanwhile, it had been noted that in a period several years more than a score of deaths among the inmates had occurred. From the death returns it appeared that quite a number of persons had died from causes not clearly defined and after brief illnesses. Mrs. Gilligan had a plan of curing for a patient through their declining years for a fixed sum, usually about \$1000. There had been a number of sudden deaths among those whose future maintenance had been provided for.

## RED CROSS CAMPAIGN

Executive officers have all been appointed; headquarters at the store formerly occupied by the Riker-Jaynes Co. in Merrimack street have been prepared to handle the countless details of the campaign, and this evening the first meeting and preliminary reports will be held at Memorial hall at 6 o'clock. This meeting will be the real start of the campaign. In order to impress upon the workers the seriousness of their efforts, Congressman John J. Rogers will tell of the need of Red Cross work and of the part Lowell must play if she is to maintain her reputation. Each of the ten teams will also be present, and an informal dinner will be served at 5.15. Reports of early subscriptions will be made and final instructions on the conduct of the campaign will be given. The organization of the campaign workers as finally decided upon is as follows: Campaign manager, Robert F. Marden; campaign executive committee, Fred C. Church, J. A. Hunsawell, A. D. Milliken, James C. Kelly, George Stevens, Austin K. Chadwick, P. E. Marble, Joseph A. Legare; treasurer, Henry W. Barnes; assistant treasurer, Wallace E. Butterfield and Florence Smith; office manager and secretary, John H. Murphy; commissary, D. L. Page; advisory committee of 30; team captains, George H. Spillane, Geo. Fairburn, John M. O'Donnell, Julian B. Keyes, George H. Runcle, Paul B. Chandler, Charles Nichols, Edward Fisher, Thomas J. O'Donnell, Fred F. Hayward, and 10 teams of nine men each besides the captains.

**Work is Exhibited**  
Every effort, plan, or scheme imag-inable has been devised to arouse en-thusiasm during the week. Exhibitions of Red Cross work in the windows of the A. G. Pollard Co. and the J. L. Chaffoux stores have been arranged, and this afternoon a committee of lo-cal women were on hand to give a demonstration of making bandages and the other tasks commonly associated with Red Cross work.

In the suburban towns special Red Cross days are to be held. The work is deserving of the support of every man, woman and child in the country, and there is no one unable to give at least a little. Many people who have subscribed to the Liberty loan will probably feel that they have done their share, but this is not so. The Red Cross must and shall be supported, and there is nobody to do this but the hundred million people, everyone of whom the present war is going to af-fect to a greater or less degree ac-cording to the manner in which they prepare for it. A New York news-paper has offered a novel scheme for people who have bought Liberty bonds. It is that they should give some amount of the first year's dividend on their bonds to the Red Cross fund. Thus if one has a \$50 bond the inter-est will be \$1.75. If he gives one-quarter could easily be added to this to give the Red Cross fund \$2. One would then be returning to Uncle Sam the gift which he has made—a practice which will be excused in the present stressful times.

All up, then, and make this week one of the most profitable in the history of Lowell, of Massachusetts, and the United States.

**Red Cross Workroom**  
In connection with the Red Cross campaign this week the J. L. Chaffoux Co. has generously offered the use of its entire first floor space in the Merrimack street to be used as a public demonstration workroom. A considerable number of women have volunteered to do considerable work in the usual Red Cross work, but more are still needed. Anyone who wishes to volunteer for this work—and incidentally to a considerable portion of her "chit" may make application to Miss Leslie Hyman who is conducting a bureau for just this purpose inside the Chaffoux store.

The A. G. Pollard Co. has also donated its windows for the same purpose.

# RED CROSS CAMPAIGN FOR WAR FUND OPENS TODAY

## Orders Coal and Oil Producers ALLES PLAN BIG DRIVE TO RECLAIM SERBIA

### Be Fixed By President

Today 100,000,000 people of the United States began the tremendous task of raising \$100,000,000 for the Red Cross relief fund. Thousands of the executive committees, and committees and advisory committees together with innumerable managers and treasurers and other officials set in motion the vast yet nicely organized machinery that is to carry out President Wilson's

command to furnish the Red Cross war council with the wherewithal to supply Uncle Sam's fighters with the supplies necessary for the care of wounded men. In Lowell everything has been put in readiness for the terrific drive, even to the most minute detail. The ten teams of ten men each, the advisory committee, and the executive committee, and the

## INDICT COCCHI FOR MURDER

### ORDERS 10 STEEL MERCHANTMEN

NEW YORK, June 18.—An indictment charging murder in the first degree was returned by a federal grand jury today against Alfredo Cocchi, in the cellar of whose bicycle shop the body of Ruth Carter, 18-year-old high school scholar, was found buried on Saturday.

Cocchi is in Italy. He fled from New York shortly after the girl died last February. The state department has been asked to take steps to have him brought back.

## ANARCHISTS BEFORE THE FEDERAL GRAND JURY

NEW YORK, June 18.—The cases of Emma Goldman and Alexander Berkman, the anarchists, who are alleged to have conducted a campaign against the selective draft law will come before the federal grand jury today. Should an indictment be found against Miss Goldman and Berkman, it is expected that their trials will be held next week. Both are confined in the Tombs prison.

The trial of Miss Eleanor Wilson Parker, Charles Francis Phillips and Owen Callahan, the three-time Columbia University students charged with charge of conspiracy is set for today having been postponed from last week. Phillips, who first pleaded guilty to a charge of conspiracy, later changed his plea and registered, will come up for sentence on that charge after his trial on the charge of conspiracy.

An examination of the card index of nearly 20,000 names seized in the office of Emma Goldman's magazine, "The Earth," is said to have disclosed names already on the government's list of suspected persons.

Countess Markievicz led a band of revolutionaries which attempted to capture Dublin castle, killing a guard. She was sentenced to death but the sentence was commuted to penal servitude for life.

## WELCOME THE RELEASED IRISH PRISONERS

LONDON, June 18.—Large crowds gathered in Dublin this morning to welcome the released Irish prisoners, all of whom with the exception of Countess Markievicz, arrived at 8 o'clock. After waving banners escorted the former prisoners to their homes. There was much singing of Irish songs and a great deal of cheering but there were no signs of disorder.

## BUNKER AMUSEMENT CO. GETS CHARTER

SPECIAL TO THE SUN  
HONOLULU, June 18.—A charter has been issued by the commissioner of corporations to the Bunker Amusement company of Lowell, with a capital stock of \$5000, consisting of fifty shares, having a par value of \$100 each. The corporation is authorized to furnish all kinds of amusements, including bowling, skating, movies, pool and billiards, and automatic and machine pictures. The incorporators are—Charles J. Bunker, president, 24 shares; Markey P. Bunker, treasurer, 25 shares; J. Joseph Hennessy, clerk, one share. All of the stock is to be issued at once, and is to be paid for in cash.

## JAPANESE WARSHIPS SINK U-BOAT

LONDON, June 18.—An official statement issued today by the British admiralty says that a Teuton submarine has probably been sunk by Japanese warships in the Mediterranean.

## NEW BRIDGE WANTED AT TILDEN STREET

The municipal council will this week receive a petition bearing several hundred signatures, asking that a new bridge be constructed across the Merrimack river at the foot of Tilden street. The petitioners hope the council will take up the matter and act favorably upon it, for they say a bridge there is "an urgent necessity."

The matter of a new bridge at this particular point was taken up by some residents of West Centerville a few weeks ago, but at that time very little interest was shown. A few weeks ago the matter was taken up again and petitions were circulated in West Centerville and throughout the city with the result that several hundred signatures of prominent property owners were affixed to the papers.

At the new bridge, it is said, the new structure would mean a great improvement for not only one district, but for the entire city. Hundreds of residents of Centerville, who are employed in the mills along the river would be accommodated going to and from their work, while numerous firms doing business on both sides of the river would be benefited.

It is planned to have the bridge laid across the river at points opposite Tilden street on the city side and through the city on the West Centerville side. It was stated today that the petition will be filed with the municipal council in the latter part of the week.

## CONFERENCE AT COUNTY TRAINING SCHOOL

At the Middlesex County Training school in North Chelmsford this afternoon a conference of the county commissioners, police court judges, and school superintendents was held. The purpose of the meeting was to give the judges and school superintendents a view of the nature of the school itself, the work that is being accomplished, and the life which the boys lead.

At 1 o'clock dinner was served at the school, and present at this were Judges Enright and Fisher of Lowell, Kennedy of Newton, Maguire of Woburn, and Kayes of Concord; County Commissioners including Hugh M. Cutting, Weston, Walter C. Wardwell of Cambridge, and Erson B. Barlow of Lowell; a number of public school superintendents including Hugh M. Cutting of Lowell, and Supt. Rufus E. Corlew of the training school. After the meal the party was escorted about the grounds and school buildings, and every part of the institution was visited. The farm which the boys run themselves attracted special attention, and extensive commendation was quite freely given.

The intention of Supt. Corlew and the county commissioners in having the officials visit the institution was to give them an actual view of conditions at the school where so many boys who come under their jurisdiction are being educated and trained. It is hoped that closer co-operation between the courts and the school may thus be brought about.

## TO PREVENT FURTHER RAIDS ON ENGLAND

LONDON, June 18.—Replying to a series of questions in the house of commons this afternoon as to whether the British government had decided upon reprisals for the German air raid on England, Andrew Bonar Law, member of the British war council, said the government intended to take steps not only for damaging the enemy but for preventing raids on England.

## PRESIDENT'S FLAG DAY ADDRESS CREATED PROFOUND IMPRESSION THROUGHOUT ITALY

WASHINGTON, June 18.—Official dispatches received here today from Rome said that President Wilson's flag day address had created a profound impression throughout Italy.

The dispatches also said it was evident the Austrian high command had not lost hope of starting a great offensive, especially on the Trentino front.

## VERDICT FOR DEFENDANTS IN KEARNEY CASE

The jury, in the case of John Kearney, administrator of the estate of the late Captain Kearney, against the son and grandson of the deceased, which was opened before Judge Morton in the civil session of the superior court Friday, returned verdicts in favor of the defendants this morning.

The verdicts were returned in the case against the defendants for money which it was claimed was given them in trust, and also for other money, which it was alleged, belonged to the estate, but was held by them. The contention of the defense was that the money which had been given to the estate was a gift from Mrs. Wood to the defendants.

## TEUTON AIR CRAFT NOW TRAVEL IN FLEETS

BRITISH FRONT IN FRANCE, June 18, via London.—(By The Associated Press)—Having been virtually driven from the air during the battle of Messines, the German air forces have been attempting to reassert themselves during the past week by adopting the familiar Teutonic tactics of formation.

The British pilots report that they seldom meet the Germans now in squadrons of less than 15 machines while occasionally they encounter an enemy aerial "army" consisting of from 40 to 50 airplanes.

None of these great formations has yet been able to cross the British lines, for the new tactics have found the royal flying corps prepared and numbers have been met with numbers. Some of the battles of the last few days have found as many as from seventy to eighty machines involved. All these engagements have occurred well inside German territory and have been barely visible from the British lines.

The pilots engaged found the fighting so close that they were unable to see the enemy's losses inflicted upon the retreating Germans. Later, however, British machines flew over the ground, counting the machines which had been burned or wrecked.

After one of these general renege enemy attacks was seen smoldering, while only two British fighters had been compelled to quit the fight, one of these being able to land within his own lines.

One young British pilot who bids fair soon to rival the record made by the late Capt. Ball, emitted the remark a few days ago by deliberately "sitting" over a German airplane some 20 miles within the enemy lines and smashing him by one four machine which came up to attack him.

When he began hovering about the place he saw seven machines in the air and he was the only one left on the ground when it was only sixty feet up, and it fell, a complete wreck. Diving at the second machine which rose the British pilot drove it squarely into a tree. Two machines which left the ground together, so the Britisher thought it best to get a little more height before attacking the pair. He climbed to 1200 feet and then, after a brief three-cornered fight, saw both his adversaries go down within 300 feet of each other.

After this exploit the khaki pilot returned safely but with his machine considerably shot up by fire from the ground.

## SALE OF FIREWORKS

Chief Saunders of the fire department has been kept busy for several days past inspecting places where applications to keep fireworks have been made, and the issuing of permits to the applicants. Up to date about 100 permits have been issued.

## LOST NEARLY \$100

B. H. Brown, who conducts a general store at Dunstable, called at the post office this afternoon and reported that he had lost a bill book containing nearly \$100 in money. He called at one of the local banks after which he started for Boston in a taxicab. Missing the money he returned to the bank, but none of the clerks had seen the missing pocket-book.

## COMMISSIONER CLEMENTS OF THE INTERSTATE COMMERCE COMMISSION DEAD

WASHINGTON, June 18.—Commissioner Judson C. Clements of the interstate commerce commission died here today.

## BUNKER HILL DAY MAY DELAY TRAINING OF DRAFT ARMY

WASHINGTON, June 18.—Unless there are unforeseen developments to hurry construction of the 18 cantonments for training the new national army, the first increment of 650,000 troops will not be in training by Sept. 1, as generally has been supposed, and in fact may not get into training for six weeks thereafter.

War department officials said today that the specific date ever had been set for the opening of the training camps. Secretary Baker, however, in a letter to Senator Jones several weeks ago answering a suggestion that some of the troops be used for harvesting, spoke of Sept. 1 as the probable date of opening the camps, and pointed out that most of the harvesting would be over by that time.

The first body of officers for the new army now being trained in camps throughout the country is to be turned out in time to make room for the next body. This was arranged on the plan of having the draft complete, exemptions disposed of and troops ordered into training camps by Sept. 1.

The parade was the principal feature of the celebration at Charlestown. Thousands of sailors, marines and soldiers, accompanied by civilian men and women, both in the army and navy, were in line, together with National Guardsmen, fraternal organizations and high school cadets. A flag raising preceded the parade and at its conclusion a recruiting rally was held in the shadow of Bunker Hill monument.

Congressman Henry T. Rainey, of Illinois, a member of the house committee on ways and means rode with Mayor Curley as the city's guest of honor, and will deliver an address on "Nationalism" at a big patriotic meeting under the auspices of the Knights of Columbus at Charlestown tonight.

Athletic events, band concerts, water carnivals, open air theater, and other holiday program in Greater Boston.

## REGISTRATION TOTAL IS NOW 9,611,811

WASHINGTON, June 18.—Almost complete returns on the registrations under the selective draft law, received at the provost marshal general's office today, totaled 9,611,811.

Wyoming was the only state from which no returns had been received, while several counties were missing from Kentucky.

## TECH MEMBERS OF MILITARY CAMP UNIT TO TRAIN AT GARDNER LAKE, MAINE

BOSTON, June 18.—Members of the military camp unit of the Massachusetts Institute of Technology today completed preparations for the forward advance on East Machias, Me., which will be made tonight on four sleeping cars attached to the 10 o'clock express for Portland and Bangor. One hundred and twenty-five of the sophomore class will be in the party.

On reaching East Machias tomorrow morning the cadets will march in military style through the town to Chase's Mills where the camp facilities will be waiting to take them to Gardner Lake.

For five weeks the camp will be strictly military and then there will be seven weeks of regular summer surveying work. In connection with the survey of military engineering the road from the vicinity of Gardner Lake to East Machias will be repaired. Bridge building and other construction work in the wooded country about East Machias also is included in the program.

## PATHTON KEYNOTE OF IVY DAY EXERCISES AT SMITH COLLEGE

NORTHAMPTON, June 18.—Patriotism was the keynote of the Ivy day exercises at Smith college today. The alumnae collation, a customary feature, was dispensed with as an economical war measure. The speeches and music at the indoor exercises following the alumnae parade across the campus with the white clad seniors carrying American beauty roses, were distinctly patriotic in tone. Miss Dorothy Ross of East State, Ill., presided at the graduation class, made the speech of welcome and Miss Katherine Wing of Brooklyn, N. Y., gave the Ivy oration.

## NEW ENGLAND'S TOTAL TONIGHT

BOSTON, June 18.—With New England's subscription to the Liberty loan already officially announced as having passed \$300,000,000—the maximum allotment for the district—tabulators at the Federal Reserve bank who have toiled all night were replaced by another force of tabulators today. The committee hoped to announce the grand total by tonight.

## HARVARD COMMENCEMENT

CAMBRIDGE, June 18.—Members of the Phi Beta Kappa society occupied the central position on the program of commencement exercises at Harvard university today, the seniors withdrawing to the background until tomorrow, when Class day will be observed. Following the annual meeting of the Phi Beta Kappa society its members marched to Sanders theatre where the exercises were held with President Alexander Meiklejohn of Amherst college the principal speaker.

## THE HIGH SCHOOL CLASS HELPS SOLDIERS

The Lowell high school class of 1917 collected a sum of money for a class gift to the school and the country in aid of the war effort. The class voted to contribute nearly \$100 to the soldiers' relief fund.

## CONTRACTS FOR TEN STEEL SHIPS

WASHINGTON, June 18.—A basic price of \$65.20 a ton was fixed for steel plates in contracts for ten steel ships signed today by Chairman Demmon of the shipping board.

The basic price, instead of the \$65 paid for steel in some earlier contracts.

## MOVEMENT FOR RADICAL REBUILDING OF WHOLE POLITICAL EDIFICE IN SPAIN

MADRID, June 18.—A movement for radical rebuilding of the whole political edifice in Spain is gaining adherents everywhere. Discontent with existing methods has long been general among the more advanced liberals and reformers among the other parties of the Left. Internal difficulties arising from the war have served to heighten and increase it and it has gained among the other parties. Even former Premier Maura, leader of the conservative group, has been heard to speak of radicalization.

Senator Romeo, editor of the Correspondencia de Espana summed up the general grievance in a forcible article recently. He wrote:

"We ought not to imitate the soldiers in refusing to be devoured by a moment longer. The soldiers have shown us the only way possible—organization with the firm determination to carry our point regardless of sacrifice."

"The whole of Spain, with the exception of a thousand families who monopolize the sweets of office is sick to death of the favoritism which dominates the country to external stagnation and is only waiting for the signal to rise like one man and to away with it forever. Favoritism is the cancer which is killing Spain and will put an end to her, unless we put an end to it."

At Cordova a number of prominent men including engineers, university professors, manufacturers, workmen and priests have published a manifesto demanding a new political system totally different from that hitherto in existence and urging the formation of defense committees similar to the officers' organizations, throughout the country.

In the meanwhile there is a growing movement in favor of the reopening of parliament. It seems that the government wishes to allow time for the agitation to die down before submitting a solution of the grave problems raised by the army officers and by the labor troubles. Premier Dato, in an interview yesterday said:

"The whole question is to know how to meet the aspirations of the country. The government is therefore lacking note of all claims of grievances and justice will be done without delay. We shall be guided by the judgments of public opinion. We do not pretend that we live in an arcadia, but we think we can say that we have brought about a relaxation of the strained situation which permits us to view the future with confidence."

Developments of some importance apparently are impending on the Macedonian front following the recent clarification of the military situation in Greece coincident with the abdication of King Constantine.

## British Withdrawal

The most pronounced movement is a withdrawal by the British without pressure, of their advanced positions established some distance east of the Struma river, on the extreme easterly end of the front. Several towns have been evacuated by them and occupied by the Bulgarians.

Simultaneously comes news of pronounced reconquering activity by the entente forces in other parts of the front, notably along the Vardar in the central sector.

## Offensive By Gen. Sarraill

It has been frequently pointed out by military observers that virtually the only practicable route for a successful advance to cut the lines of the central sectors in the Balkans and reclaim Serbia is up the Vardar valley, along the railway line there. The present activities, while they have not developed far enough to make the thing a certainty none the less point to the probability that an offensive by Gen. Sarraill in the only likely sector—that embracing the Vardar area—is imminent.

## Remove Menace to Allies

Had this been decided upon, it would be a natural move for the British to relinquish the advanced ground they held along the Struma and withdraw, as they have done to the bridgehead near the river, thereby strengthening the entente right flank for defensive purposes while the offensive stroke was delivered by the center.

An aggressive move, it would seem, has now been made possible by the removal of the menace to the allies from the rear, which existed so long as Constantine was on the Greek throne and his pro-German political advisers controlled the Greek military situation.

## Russian Forces Active

Both the Russian army and navy are giving more evidence of aggressive intent. Recent German and Austrian statements have instanced increasing activities by the Russian military forces.

While the bill was being explained to the house by Representative Lever as a measure which would harm no honest business man, but would force crooked and speculative into the sunlight, a letter from President Wilson to Representative Borah was made public in which the president warned opponents of the bill that should they defeat them they must be prepared to take the responsibility for the food prices which would be predicted to follow.

The great majority of the house greeted the opening of debate with bursts of applause and approval, but the opposition was silently making ready for an attack.

In the senate opposition also was ready. Led by Senators Reed of Missouri, Smith of Georgia and Gore of Oklahoma all Democrats it was contended that the first food bill, already passed and now awaiting conference with the house, was a mere device to check speculation and price-fixing, which made the second bill unnecessary.

The senate debate was delayed, however, as other business was taken up, but the food bill was on the calendar for debate later in the day.

## Debate In House

WASHINGTON, June 18.—To bring "food crooks out into the sunlight" but not to injure honest business is the aim of the food control bill, Chairman Lever of the agricultural committee, declared today in opening debate on the measure in the house.

Opponents of the bill, under the leadership of Representative Haugen, of Iowa, former Speaker Cannon of Illinois, and Representative Moore of Pennsylvania, were ready to lead an attack.

"The contest between German autocracy and American democracy," said Representative Lever, "will be determined by the character and strength of the organization which one can put against the other."

Anticipating attacks on giving the president extraordinary powers, Mr. Lever contended the situation warranted them.

"We must either confer the so-called autocratic powers upon the constitutional head of our government or be prepared to have them assumed by the German Kaiser," he said. "No war was ever won by a debating society. The time is upon us for getting down to brass tacks. Every man, woman and child must be prepared to make sacrifices—great sacrifices—and no man is going to be permitted to stand behind fine-spun theories and technicalities in his opposition to this measure. Germany takes action on her food situation within five days after the declaration of war."

"Hungry armies do not win victories; men who fight must be fed; those who send their loved ones into the ranks likewise are to be fed."

In various sectors, notably in Volhynia and Galicia where the great Russian offensive was in full swing at this time a year ago.

## Russian Base Attacked

The Russian naval arm also has been so largely in evidence in Baltic waters that Berlin announces it has been found necessary to carry out extensive air raiding operations on Russian bases in this area.

In the Arras battle area the British were subjected to a heavy counter attack this morning on the new position they won last Thursday east of Mont St. Eloi. They held fast to the main point, the important infantry hill, but had to fall back from some positions they had established farther in advance.

## Prize For Portuguese Forces

PARIS, June 18.—The Portuguese forces on the western front, having been the victors in the war, are being rewarded by progressive stages, have now received their baptism of fire. The Maxim guns that were used were perfectly organized and have proved their worth in exemplary fashion.

## TELEGRAPHIC BREVITIES

PETROGRAD, June 18, via London.—With the approval of the Finnish diet the Finnish senate has ordered the requisition of all cereals.

MIDDLETOWN, Conn., June 18.—John O. Newton, principal of Kent's Hill seminary, at Kent's Hill, 23, awarded the honorary degree of Master of Arts at the commencement exercises at Wesleyan university today.

NEW HAVEN, Conn., June 18.—The picturesqueness of class day at Yale university departed with the carrying out of a war-time program at commencement. There were few banners or class flags flying from the dormitories and the only semblance of the classic class arrangements, today, was the planting of an Ivy by the academic seniors.

PORTLAND, Me., June 18.—Curtis Chick, son of a Porter farmer, was ordered held for the September term of the federal court here for failure to register for the selective draft. He was released on his own recognizance on the understanding that he go to the county seat at South Paris and register.

## "Do Your Bit"

We hear on all sides the cry "do your bit." Of course, every true patriot will do his part, each in his particular way. Some will go to fight the enemy while others will raise large crops. In countless ways the people will strive to show their patriotism.

We have always tried to do our "bit" in the hour of need. At the present time we are concentrating and directing all our energies in an effort to keep our prices down to reasonable limits. We believe in this way we will do our "bit."

# ZEPPELIN SHOT DOWN BY BRITISH

LONDON, June 18.—Two persons were killed and 16 injured in Saturday night's air raid, during which a Zeppelin was brought down. The following official report of the raid was given out here yesterday:

"Last night's air raid was carried out by two enemy airships. One airship crossed the Kentish coast at about two a. m., and dropped six bombs on a coast town. According to the latest police reports two persons were killed, 16 were injured and a large number of houses were damaged."

"The second raider attacked the east coast town of West Anglia at about 2.30 a. m. It was heavily shelled by guns of the anti-aircraft defence and driven off. It is probable it was damaged by gunfire. Shortly afterward this raider, after dropping a number of bombs in open places, was engaged and brought down in flames by a pilot of the Royal Flying Corps. The airship

## When You Feel Tired, No Appetite, Headache

(By W. M. GRANTIER, M.D.)

If your wife tells you that you are "grouchy" and out-of-sorts, be thankful for the suggestion, and set to work to get your liver busy for it is more than likely that its inactivity is at the bottom of your trouble. Don't blame your liver for not doing its work! You have undoubtedly been giving it too much to do. You may have occasional headaches, feel tired, no appetite, and coated tongue, and this condition may lead up to other things. At such times you are the easiest prey for colds, grip, or the disease germs of malaria, typhoid the deadly phthisis, or the many ills which carry off so many of our citizens.

My advice is give up alcohol, tea and coffee, if you must drink something with your meals let it be a cup of hot water. Begin in the morning with a pint of hot water with a half lemon squeezed in it, if possible, and drink it a half hour or less before breakfast.

Take a few minutes of bending exercise and breathing in the morning. Walk in the outdoor air. Occasionally, say, once a week, take a good laxative, one that is entirely vegetable. A good one is that made up of the extract of May-apple, vegetable calomel, and salap, and can be had at every drug store, for it has been sold for nearly 50 years as Dr. Pierce's Pleasant Pellets.

If you are occasionally troubled with rheumatic pains or lumbago, pain in the back, toes or muscles of the body, this is due to uric acid stored in the system. The liver and kidneys do not act properly. For such a person, I advise taking Anuric (double strength) three times daily for a week or two. This Anuric throws out the uric acid which accumulates, and if taken occasionally will prevent or cure rheumatism and gout. There is no difficulty in obtaining Anuric at any drug store.

was destroyed. There were no casualties or damages in West Anglia."

"Boisnards Saw Air Battle"

A despatch from an east coast town says that thousands of persons witnessed the destruction of the Zeppelin. The attack by anti-aircraft guns on the dirigible lasted fully half an hour and people issued from their houses half dressed to watch the event.

When the black object drifting across the sky from the southeast to the northwest was seen to burst in flames the spectators cheered tumultuously. Pedestrians and cyclists dashed off in the direction of the fallen airship, but owing to the unexpectedly long distance few succeeded in locating the Zeppelin, which fell a few miles from the coast. It had been first winged by a land gun and then finished by an air plane, which the Zeppelin fought to the last with her guns.

The dirigible dropped in a field of corn, far from any habitation and was completely destroyed. All of the crew were killed and their bodies badly charred. Some of the men appeared to have jumped from the doomed airship. Doctors hurried to the spot, but their services were needless.

British Airman Unhurt

The British airman who attacked the Zeppelin descended nearby unhurt. According to the story of an inspector who witnessed the affair, searchlights enabled him to follow the movements of the Zeppelin and the attacking airman. The Zeppelin twisted and turned in an attempt to escape or beat the airship off, and the machine gun fire of the dirigible was heard distinctly. Presently another airman arrived, and the Zeppelin continued to zigzag in an endeavor to hold out to sea. But the first airman held his quarry and within a few minutes the end came.

## MAINE FLOODED, TRAINS ARE HELD UP

PORTLAND, Me., June 18.—Damage which cannot be estimated has been done through the state by a storm that precipitated more than four inches of rain in 20 hours. Traffic was either halted or carried on at great risk by all public carriers.

Street railroads were running last night on a delayed schedule, mud slides interfered with traffic on the Boston & Maine and Maine Central railroads, and work at the Western paper mills at Westbrook was suspended on account of the rise of the Presumpscot river.

The Interurban, between this city and Lewiston, stopped its cars early yesterday evening when a bridge near West Falmouth gave way.

All Maine Central east-bound trains, both freight and passenger, were heard in this city until midnight that there might be assurance of safe condition of tracks and extra crews kept a patrol to insure safety of steam road traffic on all lines running into this city and the Portland Railroad company had a crew all day on the Saco, where brooks overflowed the bridges and tracks and threatened the road-bed.

At Goose Fare it was necessary to put in tons of sand to fill a washout. Motorists will encounter a detour between Wells and Kennebunk, where a concrete bridge near the Saco, and a concrete bridge in Wells went out. It was built a year ago to replace a wooden structure that gave way late in May during a similar storm. At Bonny Eagle, on the Saco river,

## THIS MEDICINE WOMEN VALUE

Positively Relieves the Suffering.

More Convincing Proof.

When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from its use its value has become generally recognized and it is now the standard medicine for women's ills.

The following letter is only one of the thousands on our files.

Dennison, Texas.—"I cannot feel that I have done my duty until I tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, heat flashes, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a grand medicine Lydia E. Pinkham's Vegetable Compound is."—Mrs. G. O. Lowery, 911 S. Barrett Ave., Denison, Texas.

the water was four feet above the dam of the Cumberland Light and Power company, which supplies electric service to this city and other places, and preparations were being made to dynamite the floodgates and relieve the strain.

On the Worcester division of the Boston & Maine a landslide at Gosham buried the tracks in eight feet of mud in places and a steam plow had to be sent to dig it out. A Maine Central train due here from Bangor at 6 o'clock was stopped three times between this city and Waterville while the crew shoveled mud from the track. At Yarmouth several houses have been inundated and the street railroad is transferring passengers for a distance of about 300 feet at one point.

## EXAMINATIONS BY THE U. S. CIVIL SERVICE

The United States civil service commission announces examinations for typewriter only to be held on June 30, 1917, for field service in the first U. S. civil service district, which comprises the New England states, as a result of which it is expected that a large number of appointments will be made to positions in the quartermaster corps, naval establishments, and in other branches of the government service in New England states.

These examinations will be held in Boston, Brockton, Fall River, Fitchburg, Greenfield, Lawrence, Lowell, New Bedford, North Adams, Pittsfield, Salem, Springfield and Worcester.

The usual entrance salary for this position is \$900 or \$1000 a year. It is expected that practically all who qualify under this examination will be offered appointment. Qualified persons, both men and women, are therefore urged to make application for this examination at once.

The examination has been modified and is much easier than heretofore. It consists of the following subjects: Spelling, copying from rough draft (typewriting), copying from plain copy (typewriting), time consumed on typewriting tests, penmanship, letter writing and arithmetic.

Applicants must have reached their eighteenth birthday on the date of the examination, and must be citizens of the United States.

Applicants should apply at once for application blank form 1371, stating the title of the examination desired to the secretary of the first United States civil service district, Post Office Building, Boston, or to the secretary of the United States civil service board at any place where the examination is to be held.

Applications should be properly executed, excluding the medical certificate, and filed with the district secretary at Boston in time to arrange for the examination at the place selected by the applicant.

The commission also announces competitive examinations to be held as follows:

Assistant inspector of engineering material (male), salary \$4 to \$4.48 per diem; clerk, qualified in business administration (male), salary \$1200 to \$1500 per annum; inspectors of artillery ammunition (male), salary \$1500 to \$2100 per annum.

July 3—Sub-inspector of ordnance (munition boxes) (male), salary \$3.52 to \$4.18 per diem.

July 10—Assistant constructing engineer (male), salary \$2200 per annum; test assistant (male), salary \$5.48 per diem.

July 11—Research assistant, salary \$1200 to \$1800 per annum; apprentice map engraver (male), salary \$1.25 per diem.

July 17—Telegraph and telephone inspector (male), salary \$1200 to \$1500 per annum; harnessmaker (male), salary \$40 to \$50 a month; map printer (male), salary \$1200 to \$1500 per annum; lithographic pressman (male), salary \$1200 to \$1500 per annum; mill specialist (male), salary \$1800 to \$2500 per annum.

July 25—Auditing clerk, radio (male), salary \$1500 to \$1400 per annum; bookkeeper and accountant, radio (male), salary \$1000 to \$1300 per annum; press feeder, salary \$720 per annum; inspector in forest pathology, salary \$1200 to \$1400 per annum.

RUSSIA ORDERS ARMY TO FIGHT

PETROGRAD, via London, June 18.—The Duma, in secret session, has passed a resolution for an immediate offensive against the Russian troops.

The resolution declares a separate peace with Germany, or prolonged inactivity on the battle front, to be a treason against Russia's allies. It declares that future generations never could pardon the Russia of the present day.

"The Duma therefore considers," the resolution adds, "that the safety of Russia and the maintenance of the liberties which have been obtained by it in an immediate offensive in close co-operation with Russia's allies."

**Grimm's Expulsion Ratified**

The first act of the Pan-Russian congress of all councils of Workmen and Soldiers delegates, which opened its sessions at the Hotel de Ville in Paris, was to ratify the expulsion of the provisional government of Russia, the Swiss socialist, who is reported to have been the medium through which the Germans attempted to arrange a separate peace with Russia.

Grimm's case was taken up when the congress assembled Saturday evening immediately after the delegates had elected as their president, N. C. Fehdeke, president of the Petrograd council of workmen and soldiers' delegates.

Grimm's expulsion was approved by the passage, with a vote of 640 to 121, of a resolution endorsing the action of the council of workmen and soldiers' delegates, who had investigated the activities of the Swiss socialist and brought about the order for his expulsion.

The congress expressed the view that the action of the ministers corresponded perfectly with the interests of the Russian revolution and the peace of Europe. It welcomed the decision of the ministers to publish the full details regarding the Grimm affair.

**Note on Revision of War Aims**

The announcement last week that the cabinet had decided to suggest a conference of the allies for examination of the Russian revolution and the peace of Europe, was met with the publication of the note sent to the other governments in question. The note suggests a conference to revise the agreements existing among the allies to war aims, with the exception of the London agreement, which provides that none of the signatory powers shall conclude a separate peace.

SECRETARY OF WAR MAKES STATEMENT

The cavalry, engineers, coast artillery, signal corps and quartermaster corps of the regular army have already been brought to war strength. 15,000 recruits are needed at once to complete the new regiments of infantry and field artillery.

25,000 additional recruits are desired at the age of 18 and 40, who have no dependents and who are not engaged in professions, businesses, or trades vitally necessary to the prosecution of the war, in order that the war strength of 300,000 men may be maintained.

Facilities are in readiness for placing these 70,000 men under proper training.

Any delay in obtaining this number would necessarily cause the loss of invaluable time.

It is the earnest desire of the war department that 70,000 single men between the ages of 18 and 40, who have no dependents and who are not engaged in professions, businesses, or trades vitally necessary to the prosecution of the war, be enlisted in the regular army before the 30th of June, 1917.

Newton D. Baker,  
Secretary of War.

MANY LOWELL BOYS AT SO. FRAMINGHAM

Raymond E. Dowd of The Sun composing room enlisted in Co. C last week and he sends the following letter from South Framingham:

Framingham, Mass., June 16.

To the Editor of The Sun:

The Sixth regiment recruits from Lowell are now in camp here. Company K sent their 'rookies' down here last Thursday and are now fully equipped as soldiers of the United States. Companies C and G arrived at Framingham at 10 minutes past 12 Saturday and marched from the depot to the camp, which is about a mile and a half.

Dinner was served immediately after landing at the camp and consisted of steak, tomato soup, bread, butter and coffee. All recruits ate their meals and as yet I have heard no complaints about the food. Supper came at

10 minutes past 6 and the evening's ration, beef stew, prunes, beans, bread and coffee, again we ate with relish.

Upon arriving at camp, the "rookies" of the other companies now at camp here, lined up and gave the Lowell boys an ovation as they entered. The boys were assigned to the tents early in the afternoon and cots and blankets also, uniforms will be issued tomorrow (Sunday).

The recruits of Company C are in charge of Lieut. Sheldon, Sergt. Stack, Corps. Neault, Thomas, Lynch, Cincinatti, Tave, Eisdelfeld, Connor. The mess tent is in charge of the following efficient cooks: Mess Sergt. Nichols, Cook Muirsky. Each tent has eight men as occupants, seven privates and one corporal.

All the boys send their regards home to their relatives and friends and hope to see them soon at summer visitors are allowed to visit the camp at any time, but are not allowed to interfere with drills. Drills are from 8 to 11 in the morning, and from half past one until 4 in the afternoon.

scouts gave the pledge of allegiance, and all joined in singing the national song.

These exercises were preceded by an urgent appeal by Paul Chandler for co-operation in the Red Cross campaign to be conducted this week.

The pastor spoke on the meaning of the flag and the patriotism of helping out this work of the Red Cross.

The program opened with the congregational singing of "America," and the presentation of the flag was made by Deacon Warren A. Brown, of the

committee in charge. The pastor, Rev. Walter E. Woodbury, accepted the colors on behalf of the church. Following the exercises the sexton of the church ran the colors up on the new pole outside the building.

# MILITARY MASS

## O.M.I. CADETS

Despite the heavy rain yesterday morning, the attendance at the annual military mass of the O.M.I. Cadets at the Immaculate Conception church, taxed the capacity of the large edifice.

REV. DENIS A. SULLIVAN, O.M.I.

custom was carried out, the event of yesterday surpassed all former efforts in the precision of military detail and grace of movement at every stage in the ceremony. It was certainly very creditable to the cadets and to their chaplain who insists upon perfect discipline.

The Cadet battalion including the new naval reserve corps, together with the Machine Gun company, Quinlan, marched from the O.M.I. barracks, corner High and E. Merrimack streets, to the church. The O.M.I. drum corps played the new patriotic march entitled "America United," composed by Rev. Fr. Sullivan, pastor of the church. The O.M.I. band, led by Miss Walker, played "Onward Christian Soldiers" on the big organ.

At the elevation, the entire body arose and came to salute, while the officers presented arms. The entire body of the cadets then took the oath of the sanctuary and deployed to the altar rail, all receiving holy communion.

During the services a special musical program was given by the cadets. The communion "Lead Kindly Light" was sung by the O.M.I. quartet, consisting of Privates Richard O'Malley, Thomas Cotter, Charles McGovern, Albert Bean and Joseph Craven. "Our Lady of Good Counsel" was also sung by the quartet. The procession at the close of mass was played by Mrs. Walker. During the services Timothy McCarthy, cornettist of the Lowell Cadet band rendered "Mother Dear, Oh Pray for Me," and the cadets sang "Take Care of Their Mother and Father." The O.M.I. band, led by Rev. Lawrence P. Tighe, O.M.I., was the celebrant of the mass and he was assisted in giving communion by Rev. Owen P. McQuillan, O.M.I. Sgt. William Kinghorn and Orderly John Dorsey served as altar boys in assisting the officiating clergyman.

Rev. Fr. Tighe preached a foreboding sermon on obedience, not alone in the military sense, but as commanded by the laws of God—obedience to parents and to lawfully constituted authorities. He pointed out the awful consequences of disobedience. He appealed for obedience and loyalty to God and country as the first duty of Catholics.

The church was beautifully decorated with flowers, banners and the national colors. At the elevation, when the entire lights of the church were turned on, the scene was one of great splendor and impressiveness.

### THE PLAYHOUSE

Over 3000 clergymen of all denominations and 3000 women's clubs throughout the country have already put their stamp of approval on "Enlighten Thy Daughter," the sensational morality play which will be shown all this week at the Playhouse. The story, by the Federation of Women's Clubs Magazine, the official publication of over 2,500,000 women, says that the play handles a very delicate subject ably, it is not in the least salacious. Rev. Clara Manchester, a prominent Universalist clergyman of Andover, after witnessing the striking production of the picture at the Tremont Temple, "Enlighten Thy Daughter" is teaching a lesson that the church is much too tardy to give. The picture is a masterpiece of art, and is a masterpiece of fact. And Rev. Fr. Quinn, a Catholic priest of White Plains, N. Y., urges every father, mother, son and daughter to see it, because of its strong influence toward preserving chastity and purity. The picture is most unusual because while it treats many vital facts very frankly, it does so in the same manner a careful mother might adopt toward her son or daughter. In this it is totally unlike the so-called "sex picture" which is the tendency of the Florence Crittenton Materially home in Boston, of which Rev. A. Z. Conrad is the president, said last week: "In company with several members of our staff, I witnessed a presentation of 'Enlighten Thy Daughter.' It is marvelous. I would that every mother and father could take their sons and daughters to see this most remarkable portrayal of extremely vital facts. We would then have fewer tragedies in our home life."

The price for this extraordinary feature will be 10c, 15c and 25c. Performances daily at 2:15, 7:15 and 8:15. No seats reserved.—Adv.

### NEWS FROM CITY HALL AND DEPARTMENTS

Yesterday's showers and wind raised havoc in the city and as a result the park department will be put to some expense to right things again. The heavy downpour of rain accompanied by a brisk wind broke down large limbs from a tree in Liberty street and from three others in Middlesex street between the power house and the Franklin school. During the storm a catch basin in Rogers street near the corner of Haines avenue became plugged with the result that the shrubbery beds on East Hill park bled a catch basin in Rogers street to the extent of about \$50.

Employees of the park department were kept busy all day stacking off lots on the South common, which will take place Wednesday morning. Lots will be sold to the highest bidder for use on July 1st and the money will be given to the city.

**Old Bartlett School**  
Who owns the site formerly occupied by the Old Bartlett school? That is a question recently asked of City Solicitor William D. Regan. The school, which was built in 1832, was purchased from the Proprietors of the Locks & Canal Co. by the city of Lowell in 1832. The site is now owned by the city of Lowell. The deed from the Locks & Canal Co. to the city of Lowell is recorded in the South district registry of deeds, book 315, page 255.

**Next Sidewalks Wanted**  
Abutters on Merrimack street from Maiden Lane to Worthen street have notified Commissioner Morse that they would like to have granite sidewalks laid opposite their premises and they are willing to pay their part of the expense. The commissioner has taken the matter under advisement.

**Pico Extinguishers Needed**  
The public buildings department is in need of 25 fire extinguishers for various school buildings and accordingly a regulation has been filed with the city clerk and this morning the public buildings department will be open next Monday at 11 a. m.

**Where is Rose?**  
Mayor O'Donnell is in receipt of a letter from Joseph Gray, a man who is now located, by tearing down a portion of the building. His Honor is looking for the man who is now located, by tearing down a portion of the building. His Honor is looking for the man who is now located, by tearing down a portion of the building.

**A Good Suggestion**  
The recent accidents which occurred at the junction of Westford and Smith streets and the placing of a traffic officer at that point at an expense to the city of \$100 a year has got the mayor thinking and this morning His Honor said he believed a great improvement could be made at that junction which could prevent accidents and also eliminate the expense. The mayor states that at an expense of about \$250 the corner of Westford street and Smith street could be widened at a spot where Gray's market is now located, by tearing down a portion of the building. His Honor is looking for the man who is now located, by tearing down a portion of the building.

**Another Registration Card**  
Mayor O'Donnell this morning received a registration card from Alfred Harvey of 122 Bridge street, who is now employed at Winnipeg, Manitoba.

**The Office of the registrars of voters** in the city hall until further notice will be open every day for military enrollment according to an order recently received from Chief Charles E. Gregory of the military enrollment bureau in Boston. The young men who for good reasons were not able to register on registration day, and who have not yet done so, may do so by calling at city hall any day between the hours of 9 a. m. and 4 p. m.

**Public School Graduations**  
The schedule of graduations for the public schools of the city as given out by the superintendent of schools this morning is as follows:  
Saturday, June 23.—Bartlett school, 2:15 p. m.  
Sunday, June 23.—Green school, 7:30 p. m.  
Tuesday, June 26.—Girls' Vocational school, 10 a. m.; Greenhatch school, 10 a. m.; Varnum school, 7:45 p. m.; Washington school, 5:00 p. m.

By Allan Bean and Miss Lottie May Ray were married Saturday afternoon by Rev. J. M. Craig at his home in Belmont street. Ralph M. Bean, a brother of the groom, was best man, while the bridesmaid was Mrs. George Waldie, a sister of the bride. After a honeymoon trip the couple will make their home at 535 Beacon street.

**Butler-McMichael**  
Thomas B. Butler and Miss R. B. McMichael, both of North Chelmsford, were married Saturday evening at the home of Rev. J. M. Craig in Belmont street. The witnesses were Gordon B. Butler, a brother of the groom, and Miss Amy G. Butler. After a wedding trip the couple will make their home in North Chelmsford.

**John Ritaletta Benne** of this city and Miss Margaret A. Swift of Milton were married Saturday afternoon by Rev. J. M. Craig at his home in Belmont street. The couple were unmarried.

### NEWS OF THE DAY IN POLICE COURT

The police had the drag-net out Saturday and Sunday and as a result 49 persons were booked at the police station for drunkenness. Of that number 31 were taken in on Saturday and 18 were taken in on Sunday. Judge Frederic A. Fisher occupied the bench this morning and when he entered the court room the dock was filled with prisoners who had been taken in on Saturday and Sunday. Despite the fact that a number of the prisoners had been in court three or four times within a year the judge was inclined to be lenient and many were released by him while a few were given suspended sentences. Sixteen were released by the probation officer before the opening of court.

Patrolman John J. Clark paid a visit to 1775 Lawrence street early yesterday morning, his attention having been attracted to the place by the noise of a party. He telephoned to the police station and in a short time the patrol wagon with Sergeant Bireland and two officers put in an appearance and the house was entered and seven men placed under arrest and sent to the police station, where they were held until this morning when they were arraigned before Judge Fisher. The men were John J. Gorman, Patrick Mawu, William Davis, William Harkness, Joseph Conlon, Eugene O'Neil and John J. Sullivan. The men admitted that they had been drinking, but were not drunk. Each was given a suspended sentence of one month in jail.

John J. Burns, Thomas F. Kenney and George F. McCallan were enjoying a game of craps yesterday afternoon when Patrolman Linnane and two officers put in an appearance and the game was broken up. The men were taken to the police station and arraigned before Judge Fisher this morning. Each was given a suspended sentence of one month in jail.

Michael J. Sullivan, Thomas Duddy, John Mulligan, John Barry, Charles Jefferson and Roy C. Hill, the first four of Cambridge and the last two of Arlington, were arrested by the police early yesterday morning and brought to the Lowell police station where they were booked for drunkenness. When arraigned before Judge Fisher this morning each entered a plea of not guilty.

Special Officer Edward O'Connor testified that early Sunday morning the young men, who were under the influence of liquor, broke into a camp at the junction of Smith and Smith streets and the placing of a traffic officer at that point at an expense to the city of \$100 a year has got the mayor thinking and this morning His Honor said he believed a great improvement could be made at that junction which could prevent accidents and also eliminate the expense. The mayor states that at an expense of about \$250 the corner of Westford street and Smith street could be widened at a spot where Gray's market is now located, by tearing down a portion of the building. His Honor is looking for the man who is now located, by tearing down a portion of the building.

Jefferson and Mulligan were found not guilty and discharged, while the others were fined \$5 each.

Street Laborer entered a plea of guilty to a complaint charging him with breaking and entering the store of Vincent Silva and the larceny thereof of cigars, beans, peas and other goods. He pleaded guilty to the fact that there are four other young men whom the police claim are implicated in the break the case was continued until Thursday morning.

Frank M. Frazer, John J. Campbell and John B. Young, all of Boston, came to this city yesterday in an auto truck and upon returning home through Green street they crossed a ditch and were sent to the police station where they were booked for drunkenness. They were allowed to go by the court.

Charles W. Coxon and Patrick W. Murphy were charged with drunkenness and disturbing the peace. While under the influence of liquor Saturday night they got into a misgiving dispute and were sent to the police station where they were booked for disturbing the peace. The cases of drunkenness being placed on file.

William A. Buckley's wife said that her husband did not work much, that when he did he spent the money on liquor, had pawned his clothing and stole a pair of shoes belonging to his son. She said she was in a desperate straits and was in need of money. She was given a suspended sentence of one month in jail.

Edward F. Connolly blew in from Maynard and got intoxicated. On condition that he go directly home he was discharged.

William Boyne, Lester Bent, Henry Perry and William Joyal were given suspended sentences of one month in jail. Mary E. Phillips was placed in the reformatory and John S. John, a fifth offender, was given a suspended sentence to the state farm.

John P. Sheehy was arrested on a capias for the non-payment of a \$5 fine.

### LOWELL MAN'S LICENSE IS SUSPENDED

Special to The Sun  
STATE HOUSE, Boston, June 18.—As a result of the accident which occurred June 1, and which resulted in the death of Koula Patrikakis of Lowell, the highway commissioners have suspended the license under which Deway G. Archambault has been permitted to operate motor vehicles, and will not permit him to drive again until a thorough investigation has been made as to the cause of the accident. If the commission finds that Archambault was not at fault, his license will be returned, otherwise it will be revoked for a period of at least one year.

The commission has revoked the license of Theodore Hamblin of Lawrence, who was convicted in the Lowell police court last Tuesday on a charge of going away without stopping and making himself known after causing injury to property.

### AMUSEMENT NOTES

#### B. F. KEITH'S THEATRE

Mme. Olga Petrova, possessor of compelling histrionic ability, and one of the few Russian actresses who have entered the motion picture field will be shown in her own play, "Bridges Burned," at the B. F. Keith theatre, the first half of the present week beginning today. "Bridges Burned" is of vital interest. It is a play of the modern world, touching upon many of the most important questions which are making our government.

It is a thrilling story, superbly told and acted, and the audience will find it a most interesting play. The play is a play of the modern world, touching upon many of the most important questions which are making our government.

### FOUND HEALTH IN CITY OF LOWELL

Royal Street Citizen Gives Praise To the New Medicine, Plant Juice

The secret of looking young is to keep young, but in order to keep young, one must keep his stomach in good condition so that he can digest and assimilate his food properly, thereby eliminating indigestion, dyspepsia, biliousness, gas on the stomach, headache, backache, salivary gland, in fact all of the symptoms which are the heritage of stomach sufferers, as almost 90 per cent. of all sickness is due to deranged stomach. Plant Juice, the new herbal stomachic, acts directly on the stomach, causing the food to digest perfectly, and the result—the patient not only looks young, but what is more to the point, feels young. This Plant Juice gives this result is being verified daily by well known local people. Signed statements giving expression to the gratitude they feel for their recovery to health.

One of the most recent is that of Mr. Alfred Smith, of No. 43 Royal street, who is a popular employee of one of the largest firms in this city, and has hosts of friends and acquaintances. He says:

"After a number of years I have been troubled with my stomach, which was in such a weak condition that I could hardly keep any solid food in it. As it would cause me the greatest distress afterward, I was treated with various medicines, but I had not so much in my home papers about Plant Juice and the number of people who had been restored to health, that I finally decided to try it. After a few weeks, I can now eat anything I want, and I feel better through the night, and can eat anything I want, without the least distress afterward. Plant Juice is the one great medicine, and I am glad to recommend it to others."

Down the Douglas's in Merrimack Square, where he is daily meeting the local public, and introducing and explaining the merits of this remedy.

**FIGHTING DISEASE IN FRANCE**  
Tuberculosis is making frightful inroads upon the French army. Already 150,000 soldiers have been discharged as a result of being in an advanced stage of the disease. Large numbers of French prisoners have been released from Germany only to come home to die of the disease. It has been alleged that Germany has been inoculating the French prisoners with germs of the disease in order to spread it through France and thus overcome the people she cannot conquer by all her cruel devices of war.

But whether this be true or not, the fact remains that the disease is working great havoc among the people. It is gratifying to know that the Rockefeller Foundation is to send a corps of physicians to France for the purpose of fighting the plague. The death rate from this disease is twice that of the United States and three times that of England. With such a high death rate and a low birth rate in addition to the terrible losses from war, radical steps are necessary to save the man power of France from reaching a point which would leave the nation unable to carry on a successful battle against the attacks of Germany. Whatever aid this country can render in fighting this dreaded disease in France must be given. It is almost hopeless, however, to reduce the number of cases even to what might be considered normal, while the food supply is scant, prices very high and exposure and hardships the common lot of all. With about 500,000 cases of the disease in the country, the situation is really alarming. The youngest and strongest men of the nation have to do the fighting and of this class the number killed since the beginning of the war is doubtless very great. If the Rockefeller Foundation or any other agency in this country can help France in this alarming situation, it will receive the generous assistance of the people of this country.

**RED CROSS WEEK**  
This is Red Cross week—a period in which America has set out to raise \$100,000,000 for the benefit of this splendid organization which follows the armies in the field, picking up the wounded and dying, and rendering all possible aid in treating the injured and where possible nursing them back to life.

The country has made a splendid record in its response to the Liberty Loan appeal, and now another opportunity is given to show sympathy with the aims of the war and particularly with the humane work which the Red Cross is equipped to perform for those who are wounded in battle or who are otherwise disabled in connection with the varied duties of military operations.

President Wilson has made a strong appeal in behalf of the Red Cross in which he says: "A small proportion of our people can have the opportunity to serve upon the actual field of battle, but all men, women and children alike may serve effectively by making it possible to care properly for those who do serve under arms at home and abroad."

It is needless to dilate upon the important work of the Red Cross. Never in any previous war was its varied relief work so necessary as in the present terrible conflict, for the reason that from the nature of trench warfare, the wounded are often left unattended for until many who might be saved by timely treatment have died to death. It is here the Red Cross comes in with its well trained workers who are in most cases spared even by the ruthless Germans.

The campaign for the Red Cross appeals to the charitable, the humane and the liberty loving of all classes. The work of the Red Cross represents the spirit of Christianity which in the relief of suffering, knows no color, no class, no creed.

**ANARCHISTS ARE TRAITORS**  
Emma Goldman, the notorious anarchist, is held in New York, on a charge of conspiracy against registration under the draft law. That is a mild charge to bring against a woman who is an avowed anarchist, and who is at all times and on all occasions, working for the overthrow of the government. She is not particularly opposed to the form of government in force in this country. She is equally opposed to all forms of organized government. That is why, in our judgment, she should be proceeded against on the charge of treason, inasmuch as she seeks the overthrow of the government and should, therefore, be amenable to punishment for treason.

In times of peace, little attention is paid to such freaks as Emma Goldman, but when we are in the midst of a war, it makes some difference if she and her adherents come out to assail the government and offer aid and comfort to the enemy.

As we have said scores of times, we cannot see why anybody professing to be an anarchist in this country is not taken in hand by the proper authorities, adjudged guilty of treason and punished accordingly. That would soon rid the country of the dangerous characters which have become the pest of the land. Whenever there is any disturbance anywhere, the anarchists mix in it to such an extent that they become a most dangerous element. The anarchists should be either deported or

also tried and punished for treason. No professed anarchist should be granted an abiding place on American soil.

**GIVE US MARTIAL MUSIC**

There should be more enthusiasm shown on the departure of the enlisted men from Lowell. When they parade the streets to the depot, the procession should not assume any of the aspects of a funeral cortege. There should, at least, be a band to play martial airs, which would stir up some enthusiasm. Indeed, it would be a patriotic act if the bands of the city would volunteer their services to be called upon in turn as the mayor might find necessary to escort the departing soldiers to the depot.

To perform such a service during the war, it seems, should be regarded as an honor by the local bands. If music cannot be procured in this way, then let it be paid for, so that no considerable body of enlisted men shall be allowed to march through our streets to the depot on their departure for the service of their country without the accompaniment of suitable music.

**EXPOSING SPIES AND PLOTTERS**

Besides rendering valuable aid in hunting down many of the German spies and plotters, the Providence Journal has issued a neat pamphlet, showing the vast number of outrages perpetrated by the secret workings of the German spy system, aided and abetted by the German propaganda and by the diplomatic corps of that nation until the severance of relations ordered by President Wilson. The work of the bomb plotters still goes on, although evidently more cautiously than before the war. If caught, the culprits will be differently dealt with, now that we are at war with the power that pays them for their nefarious work.

If King Constantine, of Greece, had played fair he would not now be deposed. While being strongly pro-German, he pretended to stand strictly neutral and betrayed the Allies in every case in which anything was left to his discretion. In doing this, it may be said also that he sacrificed his country for the benefit of Germany.

England has done the right thing in releasing the men arrested in connection with the Sinn Fein rebellion over a year ago. There are about 1000 of these men. They are much needed at home. Had she imprisoned those she executed, she would have saved herself much obloquy and justifiable wrath.

Mexico makes professions of friendship and good intentions toward the United States. If it should happen that she be found harboring any German submarines, she will have reason to regret her courses when German power shall have passed from the hands of the Hohenzollerns.

Emperor William promises to restore the Greek king to his throne, but instead he will be tumbled from his own and none will ever be able to restore him.

Why do not the Allies make an attempt to trap the submarines at their base? It would seem that some method might be found to destroy them when returning for fuel and other supplies.

**Your Family Can Spend a Delightful Vacation at Moderate Cost on a Western Mountain Ranch**

For health and good time there is nothing like a taste of real ranch life in Wyoming.

Lots of people are doing it now—days, and many ranchers are prepared to take in summer boarders, make them comfortable, and give them thoroughly good, wholesome things to eat. Why don't you take the family and spend a vacation on one of these western ranches? We know the reliable ones and will gladly tell you of a number from which to choose, with their facilities and prices.

A few weeks of this kind of life in the open, constantly breathing that wonderful western air, will put you and the family in fine physical condition, and the experience—horseback riding, trout fishing, picnicking, and camping out will fill your thoughts with the joy of living.

Let me plan with you and help you determine just what to do, and explain to you how easy it is to accomplish in these days of perfect train service. Make use of me—that's what I'm here for.

**SUNDAY SERVICES IN CATHOLIC CHURCHES**

Forty hours devotions were brought to a close at the Sacred Heart church yesterday morning, the ceremony being held at the parish mass, which was celebrated by Rev. James T. McDermott, O.M.I., who was assisted by Rev. Bernard Fletcher, O.M.I., as deacon and Rev. Henry R. Burns, O.M.I., as sub-deacon. In the evening at 6.30 o'clock solemn vespers were held and the service was followed by a procession of the Blessed Sacrament in which the children of the parish participated. The evening's program was in charge of the pastor, Rev. John P. Flynn, O.M.I., who was assisted by Rev. T. Franklin Wood, O.M.I.

The members of the Holy Name society received their monthly communion at the 7 o'clock mass at St. Patrick's church yesterday morning. The mass was celebrated by Rev. Mr. William O'Brien, P.R., who was assisted in giving communion by Rev. Joseph A. Curtin. The parish mass was celebrated by Rev. James J. Kerrigan, while the sermon on the gospel of the day was given by Rev. T. Franklin Wood, O.M.I.

At all the masses yesterday it was announced that the annual entertainment by the pupils of the parochial school will be held at the Open House Thursday afternoon and evening. The program to consist of a three-act comedy entitled "His Father's Son," and musical and literary numbers. At the parish mass next Sunday Rev. Mr. O'Brien will present diplomas to 35 boys and girls, 12 of the commercial class and 46 of the grammar grade.

Rev. John J. Shaw, pastor, was the celebrant of the 8 o'clock mass at St. Michael's church yesterday and at this time the members of the Holy Name society received communion in a body. Rev. Fr. Shaw was assisted in giving communion by Rev. J. P. Lynch. The parish mass was celebrated by Rev. Henry J. Taitan, while the sermon was delivered by Rev. Fr. Lynch.

The high mass at St. Margaret's church yesterday morning was celebrated by Rev. William H. O'Connell, and he also celebrated the 9 o'clock mass, at which the children of the parish received communion. The pastor, Rev. C. J. Galligan, celebrated the early masses of the day.

The pastor, Rev. P. J. Hally, celebrated the early masses at St. Columba's church yesterday and the parish mass was sung by Rev. F. A. McNeill. The new curate who succeeded Rev. T. W. Buckley Tuesday evening the Holy Name society and the Women's sodality will hold regular meetings.

The celebrant of the parish mass at St. Louis church yesterday was the new assistant pastor, Rev. F. X. Gaudier, who also celebrated the 11 o'clock mass. The monthly communion for the members of the Third Order of St. Francis took place at the 7 o'clock mass and in the afternoon at 3 o'clock a special service was conducted by Rev. E. J. Vincent.

St. Peter's church yesterday the 11 o'clock mass was celebrated by Rev. Francis L. Shea, who has recently been assigned to this parish to fill the vacancy caused by Rev. W. George Mullin being transferred to the Church of the Sacred Heart at Manchester-by-the-Sea. Rev. Patrick L. Grayton was the preacher, and at the conclusion of his sermon he formally introduced Fr. Shea to the people of the parish.

At St. Michael's church yesterday the boys of the parish received their regular monthly communion, and next Sunday will be the girls' communion day.

Sessions of the Sunday school have been discontinued for the summer months. Devotions in honor of the Sacred Heart are being held throughout the month of June every evening at 7.30 excepting Saturday and Sunday evenings on which they are held at 7 o'clock. There was a meeting of the immaculate Conception sodality after the devotions last evening, and on Wednesday evening at the same hour a meeting of the married ladies' sodality will be held.

masses the members of the Holy Name society received communion in a body. Rev. Fr. Shaw was assisted in giving communion by Rev. J. P. Lynch. The parish mass was celebrated by Rev. Henry J. Taitan, while the sermon was delivered by Rev. Fr. Lynch.

The high mass at St. Margaret's church yesterday morning was celebrated by Rev. William H. O'Connell, and he also celebrated the 9 o'clock mass, at which the children of the parish received communion. The pastor, Rev. C. J. Galligan, celebrated the early masses of the day.

The pastor, Rev. P. J. Hally, celebrated the early masses at St. Columba's church yesterday and the parish mass was sung by Rev. F. A. McNeill. The new curate who succeeded Rev. T. W. Buckley Tuesday evening the Holy Name society and the Women's sodality will hold regular meetings.

The celebrant of the parish mass at St. Louis church yesterday was the new assistant pastor, Rev. F. X. Gaudier, who also celebrated the 11 o'clock mass. The monthly communion for the members of the Third Order of St. Francis took place at the 7 o'clock mass and in the afternoon at 3 o'clock a special service was conducted by Rev. E. J. Vincent.

St. Peter's church yesterday the 11 o'clock mass was celebrated by Rev. Francis L. Shea, who has recently been assigned to this parish to fill the vacancy caused by Rev. W. George Mullin being transferred to the Church of the Sacred Heart at Manchester-by-the-Sea. Rev. Patrick L. Grayton was the preacher, and at the conclusion of his sermon he formally introduced Fr. Shea to the people of the parish.

At St. Michael's church yesterday the boys of the parish received their regular monthly communion, and next Sunday will be the girls' communion day.

Sessions of the Sunday school have been discontinued for the summer months. Devotions in honor of the Sacred Heart are being held throughout the month of June every evening at 7.30 excepting Saturday and Sunday evenings on which they are held at 7 o'clock. There was a meeting of the immaculate Conception sodality after the devotions last evening, and on Wednesday evening at the same hour a meeting of the married ladies' sodality will be held.

**SCHOOL EXERCISES AT ASSOCIATE HALL**

A double event, the commencement exercises of Notre Dame de Lourdes parochial school and the observance of the silver jubilee of the pastor, Rev. Leon Lamotte, O.M.I., took place at Associate hall last evening, and despite the rain the attendance nearly filled the large hall. The program, which proved most enjoyable had been prepared under the able direction of the Grey Nuns of the Cross, who are in charge of the school and nothing had been spared to make the affair one of the most interesting and successful in the history of the school.

The large hall was handsomely decorated for the occasion with silver trimmings, while a large American flag floated from the ceiling. The stage which had been decorated with potted plants and flowers. Over the stage hung a large portrait of Ad Mullins, 1892-1917.

A feature of the evening was the presentation of diplomas to sixteen pupils by the pastor, those receiving the honors being Misses Dora Gaudette, Lucienne Levert, Blanche Potras, Merilda Morin, Loretta Renaud, Gracia Bibeault, Rose A. Cote, Marie A. St. Laurent, Eglantine Lessard, Yvonne L'Heureux and Cecilia Boudreau. Albert Gaudette, Armand Sanscartier and Thomas Labelle.

During the evening an excellent music was furnished by the Notre Dame de Lourdes orchestra of 12 pieces under the direction of Rev. Joseph Denis, O.M.I., "Les Noceurs d'Argent," a delightful little sketch was presented by the following: Miss R. Lambert, Miss D. Lafleur, Miss C. Dunn, Miss L. Morin, Miss L. Guimond, Miss A. Champagne, Miss Blanche Meunier, J. Forest, A. Coulombe, P. Garrity, D. Chevalier, L. Duprez, E. Forest, D. Lafleur, L. Lafleur and M. Kopynsky. Another highly entertaining number was an operetta entitled "Paquita," the parts of which were sustained by Miss B. Levesque, Miss D. Gaudette, Miss L. Levesque, Miss A. Richard, R. Lorange, D. Lambert, "Monsieur," another interesting little sketch was given by David Lavoie, W. Bibeau, A. Gaudette, W. St. Pierre, A. Pinard, R. Renaud and O. Lorange. Chorus numbers were given and a pleasing piano selection was rendered by Miss Merilda Morin. An address to the past was made by Miss Doris Gaudette. The event closed with the singing of

# EGGMEN ROB GAMBLERS AT METHUEN CAMP

Three men, armed with automatic revolvers, held up the inmates of an alleged gaming house in Belle Grove in the banks of the Merrimack river in Methuen, late Saturday night, and a valuable diamond ring, according to a story which gained circulation yesterday. Although names are mentioned, those who have been asked about the affair naturally plead ignorance.

It is alleged that there is a curfew in the Belle Grove district which is frequented by Lowell gamblers and is a general rule there is a big game in there Saturday nights and Sundays. It is said that while the game was in session Saturday night three look looking men entered the place, each had a revolver and while one told the players covered with his gun the other two took what money there was in sight and then went through the clothing of those present. It is said that about \$1600 and a diamond ring made up the booty taken in by the robbers.

Neither the Lowell, Lawrence, Methuen or Dracut police know anything about the matter or at least no one has been made to them and it is believed that those who lost their money don't care to say anything about it.

The trio evidently were well acquainted with the place and did not get the gamblers for it is said that they were no massts and after they had "gone through" every one in the main room one of them said: "Get the big fellow," evidently meaning the man who it is said runs the game and going into another room they found the "big fellow" and relieved him of all the money he had in his possession.

After warning those present not to notify the police the trio entered the automobile which was waiting for them and they disappeared in the direction of Lawrence.

BERLIN, June 17, via London, June 18.—Twenty of the leading newspapers of Berlin publish announcements of an increase in advertising rates on account of the rising cost of raw materials and of production in general. The newspapers also have narrowed the advertising columns of which there are now seven instead of six to the page.

# VICTOR GAGNIER'S CLAIM IS DISMISSED

SPECIAL TO THE SUN  
STATE HOUSE, Boston, June 18.—The industrial accident board has dismissed the claim of Victor Gagnier, of 22 John street, Lowell, against the Aetna Life Insurance company, for compensation under the workmen's compensation act for an injury which he received while employed in the Union market.

Gagnier claimed that while he was waiting for his pay on Saturday evening, September 2, he was suddenly hit in the eyes by a wet towel, which he assumed was thrown by another employe in a spirit of playfulness. The next day he was unable to see plainly and for a long time after was required to consult physicians and at present he is unable to distinguish objects clearly.

The insurance company contended that while Gagnier may have been injured during his employment, the injury was not one which arose out of his employment as defined in the act, and upon this contention the matter was referred to an arbitration committee, consisting of Joseph A. Parks of the industrial accident board, Robert J. Crowley representing the employe, and Fisher H. Pearson representing the insurance company. Joseph P. Donahue appeared as counsel for Gagnier, and James J. Kervin was counsel for the insurer.

After hearing all the evidence, the committee decided that the employe had not sustained the burden of proving that the accident arose out of his employment. Mr. Crowley, however, refused to agree to the report.

**CLAIM EVIDENCE THAT GERMAN BEHIND STRIKES IN ALASKA COPPER PROPERTIES**

NEW YORK, June 18.—Assertion that evidence has been found that strikes in the Alaska copper prop-

erties of the Kennecott Copper corporation were instigated by pro-German elements supposedly as a strike against the military resources of this country was made here today at the offices of the company. It was announced that the management in Alaska has been instructed to lay all the facts before the federal authorities there.

It was stated that a German element among the miners got control of their meetings and dictated the strike policy, according to advices forwarded to the main office here. These advices said, a further bonus of \$50 a day above the present bonus of one dollar, and also that the bonuses be made permanent even in normal times.

# FORMER PRES. TAFT OPENS RED CROSS CAMPAIGN

BOSTON, June 18.—The campaign in New England to raise \$7,000,000 toward the \$100,000,000 Red Cross war fund was opened in every city, town, village and hamlet in the six states today.

The first big gun in the campaign in this city will be fired tomorrow night at a great patriotic mass meeting at the Boston Opera house at which former President Taft will be the principal speaker.

New Englanders will have to contribute at the rate of \$1,000,000 a day for the next seven days. Three huge clocks erected at the two railroad terminals and at a Boston department store will register the receipts each day.

The different New England states are asked to contribute the following amounts: Massachusetts \$5,000,000; New Hampshire \$1,000,000; Vermont \$200,000; Rhode Island \$1,000,000; Maine \$500,000. Connecticut will raise \$2,000,000, but this amount will be included in the fund of the New York division.

Francis L. Higginson, Jr., chairman of New England committee today denied a report, published here Saturday that more than 8 per cent. of the Red Cross fund to be obtained in New England had been guaranteed. He said he knew of a few subscriptions but that they aggregated only a small proportion of the total.

"We are in touch with every committee in this section," Mr. Higginson added, "and while we are receiving enthusiastic reports, the industrial situation will be a strenuous job to raise the \$7,000,000 allotted to New England."

# VATICAN REFUSES TO RECALL BISHOP OF TRENTO AS DEMANDED BY AUSTRIA

PARIS, June 18.—A Havas despatch from Rome states that the Vatican has announced that it has finally refused to recall the Right Rev. Constandin Endric, bishop of Trent, as demanded by the Austrian government.

The effort to displace the bishop, Endric dates from the beginning of the war when the Austrian government, because of his avowed pro-Italian sentiments, attempted to force from him a declaration of loyalty to Austria.

"We are in touch with every committee in this section," Mr. Higginson added, "and while we are receiving enthusiastic reports, the industrial situation will be a strenuous job to raise the \$7,000,000 allotted to New England."

# HEAVY RAINFALL HAS SWOLLEN RIVER

The rainfall during the first 17 days of this month amounted to 3.32 or nearly four inches, which will place the month of May this year among the record months for rainfall. Although the precipitation was heavy, it is doubtful if the record of 7.618 in. in May, 1901, will be reached for the weather prognosticator has promised us some good weather for a while. The heaviest storm of the month was that of Saturday and Sunday when 1.504 in. of rain fell.

May 4, 9 and 14 there was no rain and on May 5 there was a trace of it, but on every other day during the month some rain fell, the storms of the 10th, 11th and 15th being the heaviest next to that of yesterday.

The Merrimack river is very high, the water being six feet over the Pawtucket dam, but it is expected that the water will be much higher tomorrow afternoon when the effect of the rainfall of yesterday will be felt.

Since the revolution Mr. Gorky has been participating actively in politics as the founder and editor of the extreme democratic newspaper New Life. As a result of severe work and overstrain he had a return of his old lung complaint in April but has recovered.

# DRIVE FOR \$100,000,000 RED CROSS WAR FUND

WASHINGTON, June 18.—The big drive for the \$100,000,000 Red Cross war fund began at sunrise today throughout the United States with elaborate organization plans for making it a reality within the next seven days.

In great cities and small towns organized machinery began gathering in the fund which is to care not only for American troops off the firing lines in Europe, but for the destitute of the war zones of France, Belgium and Poland.

The fund will be disbursed under the direction of the Red Cross war fund recently created by President Wilson, to which some of the country's best known financiers and business men are giving their talent of organization.

# SUPREME COURT HEARS ARGUMENTS ON PETITION FILED BY MAYOR ASHLEY

BOSTON, June 18.—The supreme court today heard argument on points of law arising on a petition filed by Mayor Charles S. Ashley of New Bedford, for a writ of prohibition to prevent a hearing before three superior court judges of a suit brought by former Mayor Edward H. Hathaway and others, who seek to have the office vacated on the ground of violation of the corrupt practices act.

Mayor Ashley's attorneys argued that the superior court judges had no jurisdiction because they were not appointed within the time required by law and because the act was unconstitutional. Henry E. Woodward of New Bedford, appearing for the plaintiffs and for the attorney general, submitted arguments against these contentions.

# SUN 'BREVITIES

Best Printing, Tobin's, Asso. Bldg.  
The marriage of Miss Theodora L. Gordon, daughter of the late Rev. A. J. Gordon of Boston, to Mr. Robert A. Hall of Lowell, took place June 16.

George M. Yorke, vice president of the Western Union Co. and formerly of this city, has recently been called to active service as a reserve officer in the U. S. Signal corps, with the rank of major.

It was a mistake, Mr. Bonar Law said, to assume that air raiding was confined to the enemy. The British air force in France had raided German communications and air support and military objectives behind the lines which were of sufficient importance to justify such enterprise.

As a result of a break in the dam of Hale's brook at the Russell log mill in Chelmsford Centre the water of the brook is now having a free course from Baptist pond to the buildings of the Lowell Waste Co. in Gorham st., but no damage is being done. The break was noticed last yesterday, but inasmuch as the log mill is not in operation at this time of the year the free run of the water will not interfere in any way. The dam will be repaired shortly.

Another one of Lowell's sons has gained honors in the country's service. Lieut. Joseph M. Reilly, U.S.A., of Chapel street, this city, has been appointed second lieutenant in the Ninth provisional company at the Plattsburg training camp. Lieut. Reilly was at Plattsburg last summer and when war was declared he passed the officers examination for the great army that is to be formed. Recently he was ordered to report at Plattsburg, and now he is a commanding officer at the camp.

# BOY SCOUT SAVES HIS MOTHER AS HOME BURNS—MAN BURNED TO DEATH

BOSTON, June 18.—One man was burned to death and but for the brave work of 13-year-old Winfield F. Charron, a boy scout, he and his mother, Mrs. Christine Charron, would have met with a similar fate early yesterday morning when fire swept the three-story wooden house at 20 Newlands street in the South End. The victim was Charles W. Garrish.

The Charron boy, who is a sixth grade pupil at the Cathedral school and lived with his mother on the third floor of the Newlands street house, awakened shortly before daybreak. His room was filled with smoke, while from below came the noise of crackling flames. The boy made his way with difficulty to the kitchen, wet his handkerchief at the sink and wrapped it about his head, then ran to his mother's room. She was still asleep. He awakened her and half-carrying, half-leading her, dragged her down the flame-swept stairway to the street.

In the meantime a passing citizen had founded an alarm and firemen breaking into the house found Garrish lying dead in his room on the second floor. His body was horribly charred and an overturned lamp near by bore testimony as to how the fire started. The first floor of the house was unoccupied.

# GERMAN AIRPLANES DESTROYED A RUSSIAN BASE IN THE BAY OF RIGA

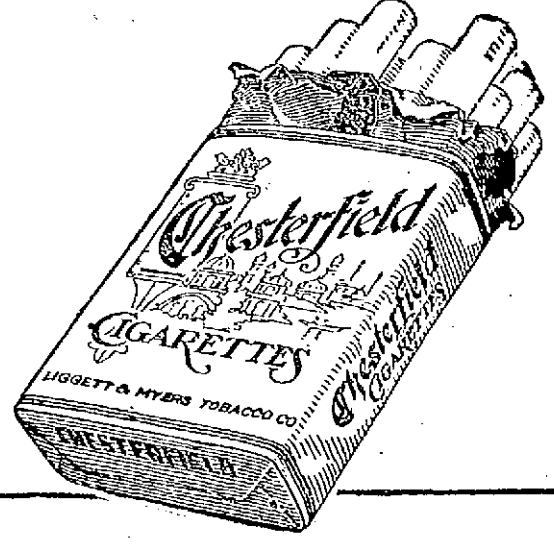

BERLIN, June 18, via London.—German airplanes on Friday effected a landing on an island in the Bay of Riga and destroyed a Russian base there, it is announced officially. The statement follows:

"Greater activity by Russian naval forces in submarine and mine warfare made necessary defensive measures on the German side which had the following results: On June 13 our airplanes dropped explosive and incendiary bombs in large quantities on Russian bases, obtaining good results. On June 14 the military station on the island of Runo, in the Bay of Riga was bombed with visible success. Following this enterprise our airplanes on June 15 landed on the island and destroyed the remaining portions of this base. All our airplanes returned."

## AMERICAN KILLED IN AIRPLANE ACCIDENT

PARIS, June 18.—The Paris Herald says that Honny Woodworth of San Francisco, chief of the first section of the American ambulance field service, has been killed and Lincoln Chalkoff of New York city, pilot in the Lafayette esquadron, dangerously wounded in an airplane accident.

Woodworth went to the headquarters of the Lafayette esquadron in Champagne on Friday evening, where he met his friend Chalkoff. They decided to fly over and visit some comrades at the camp of "The Storks," Capt. Guynemer's squadron, about six miles away. Chalkoff rose to a height of about 150 feet and began to execute a series of evolutions, beginning with spirals and then nosediving toward the earth.

Eye-witnesses say that when near the ground the pilot seemed to make an effort to right the machine in order to rise again. Chalkoff either miscalculated the distance or something went wrong with the apparatus, for the machine never altered its course but plunged headlong and buried itself in the earth.

Woodworth was killed instantly, one

of his legs being severed and the other crushed, suffering in addition other injuries. Chalkoff sustained serious internal injuries, fractured his skull and suffered other wounds. He now lies in a critical condition.

## BELGIAN MISSION CALLS ON PRES. WILSON

WASHINGTON, June 18.—The Belgian mission, headed by Baron Monchaux, spent its first full day in Washington in paying calls of courtesy on President Wilson and other high government officials. These formalities are preliminary to the beginning of conferences with American officials on war problems.

First on today's program was a visit by the members of the Belgian mission to the state department, where they were to be received by Secretary Lansing. Afterwards they were to be presented to President Wilson.

### MISCELLANEOUS SHOWER

Miss Agnes Thomas of 138 Grand street was tendered a miscellaneous shower Saturday evening at her home in honor of her coming marriage to Mr. Virgilus Owens, of Portsmouth, Va. A musical program was carried out after a buffet luncheon had been served, and those taking part included the Misses Leona Lafour, Mary Ready, Agnes Thomas, Blanche Churton in piano selections; songs by Adelaide Haraden, Cora LaFleur, Annie Chenover; recitations by Amelia LaRock, Helen and Veronica Connors, Mary Pears, dances by Miss Harkins, Amelia LaRock, and Missie Haraden. Mrs. David Thomas and Mrs. Edward Charron served the luncheon, and Misses Adelaide Haraden and Mae Harkins had general charge of the affair.

### HEAD OF HOME FOR ELDERLY PEOPLE PLACED ON TRIAL ON CHARGE OF MURDER

HARTFORD, Conn., June 18.—Mrs. Amy E. Archer-Gilligan, indicted for murder in the first degree, was placed on trial in the superior court here today. The woman had maintained as a private enterprise the Archer Home for Elderly People, in Windsor, six miles north of here. Public attention was directed to this home when on May 8, 1915, Mrs. Gilligan was arrested by order of State's Attorney Hugh M. Alcorn and the body of Franklin R. Andrews in the cemetery of Cheshire, Conn., who had been an inmate of the house was exhumed. Andrews had died suddenly. His maintenance at the home had been provided for by advance payment.

In September Mrs. Gilligan was indicted in five counts charged with

poisoning Andrews. Meanwhile, it had been noted that in a period several years more than a score of deaths among the inmates had occurred. From the death returns it appeared that quite a number of persons had died from causes not clearly defined and after brief illnesses. Mrs. Gilligan had a plan of caring for a person through their declining years for a fixed sum, usually about \$1000. There had been a number of sudden deaths among those whose future maintenance had been provided for.

## RED CROSS CAMPAIGN

Continued

Executive officers have all been appointed; headquarters at the store formerly occupied by the Riker-Jaymes Co. in Merrimack street have been prepared to handle the countless details of the campaign, and this evening the first meeting and preliminary reports will be held at Memorial hall at 6 o'clock. This meeting will be the real start of the campaign. In order to impress upon the workers the seriousness of their efforts, Congressman John Jacob Rogers will tell of the need of Red Cross work and of the part Lowell must play if she is to maintain her reputation.

Mayor James E. O'Donnell will also be present, and an informal dinner will be served at 6:15. Reports of early subscriptions will be made and final instructions on the conduct of the campaign will be given.

The organization of the campaign workers has finally decided upon is as follows: Campaign manager, Robert F. Madden; campaign executive committee, Fred C. Church, J. A. Hunne-well, A. D. Mulliken, James C. Holly, George Stevens, Austin K. Chadwick, E. P. Marble, Joseph A. Larkins; treasurer, Henry W. Barnes; assistant treasurer, Wallace P. Butterfield and Herbert J. Ball; office manager and secretary, John H. Murphy; commissary, D. L. Page; advisory committee of 50; sent chaplains, George H. Spillane, Geo. C. Fairburn, John M. O'Donoghue, Julian B. Keyes, George H. Runels, Paul B. Chandler, Charles Nichols, Edward Fisher, Thomas J. O'Donnell, Fred F. Hayward, and 10 teams of nine men each besides the captains.
